Anthropologist Margaret Mead Named Distinguished Visitor

Anthropologist Margaret Mead has been named Mary Washington College's first Distinguished Visitor in Residence and will visit the campus on Thursday, April 29, and Friday, April 30.

World renowned in her field, Dr. Mead was the first choice of a student-faculty-alumni committee established to select the first participant in the program which was initiated by the Mary Washington College Alumnae Association in June, 1970.

During her visit to the campus Dr. Mead will meet informally with students and faculty members, attend various classroom sessions and deliver an evening lecture to the entire College community.

Dr. Mead is presently Curator Emeritus of Ethnology at The American Museum of Natural History where she maintains her office. She is Adjunct

Professor of Anthropology at Columbia University and Chairman and Professor in the Social Sciences Division of the Liberal Arts College at Fordham University's Lincoln Center Campus. A native of Philadelphia, she obtained her B.A. from Barnard College in 1923 and her Ph.D. in Anthropology from Columbia University in 1929.

In 1925, she left on her first field expedition to study adolescent girls in Samoa and published her findings in *Coming of Age in Samoa*, now a classic among anthropological studies. Since then she has spent many years living with various South Seas peoples and learning seven primitive languages.

In 1953, she returned to the Admiralty Islands to re-study a primitive community she had described 25 years earlier in *Growing Up in New Guinea*. She found the village still intact, but the

children she had known grown to adulthood and facing the problems of establishing themselves as a modern community. A study of this culture change appeared as *New Lives For Old*.

Among her most recent publications are *The Small Conference: An Innovation in Communication*, co-authored with Paul Byers, and *Culture and Commitment: A Study of the Generation Gap*. Dr. Mead is presently involved in creating a new exhibition hall on the Peoples of the Pacific in The American Museum of Natural History. Her professional specialty is the study of contemporary cultures in the light of perspective gained by the study of small, homogeneous, stable societies; and the further development of cultural theories of human behavior.

Throughout her career, Dr. Mead has received recognition for her out-

standing achievement and service. In 1940 she received the National Achievement Award; in 1949 she was named the Outstanding Woman of the Year in the Field of Science by the Associated Press. More recently, she was voted one of the Outstanding Women of the Twentieth Century by Nationwide Women Editors in 1965; and in 1968 she was cited by the American Institute of Public Opinion as one of the most admired women in America.

The Alumnae Association contribution, which made Dr. Mead's visit possible, was made in honor of Eileen Kramer Dodd, Professor Emeritus of Psychology, who retired last year upon completion of 44 years of service to the College, and her husband, the late James Harvey Dodd, who was a Professor of Economics and Business Administration at the College for 34 years.

Rev. Robert H. Shaw Dies Unexpectedly

Dr. Robert H. Shaw, Rector of Trinity Episcopal Church and Professor of Mathematics at Mary Washington College, died Saturday, March 6, following an apparent stroke. He was 52.

Dr. Shaw entered the ministry in 1958 and had been Rector of Trinity for the past 12 years. He was named to the Mary Washington College faculty in 1969.

In addition to these duties, his activities in the Fredericksburg community were extensive. He was president of the Fredericksburg Personnel Counsel-

ing Service, which he helped to organize while serving as president of the Fredericksburg Ministerial Association.

A native of Milwaukee, Wisconsin, Dr. Shaw received his B.A. degree summa cum laude from Carroll College and his M.A. degree from the University of Wisconsin. He held a Ph.D. degree in Mathematics from George Washington University.

From 1946 to 1949 he was a senior mathematician with the Navy and Department of Defense and was a consultant with the Department of Defense at the time of his death.

Survivors include his wife, Mrs. Lucille S. Shaw; a son, Gregory Shaw of Fredericksburg; a daughter, Miss Jane Frances Shaw of New Haven, Connecticut; and a brother, Thomas Shaw, Delafield, Wisconsin.

A funeral service was conducted Tuesday, March 9, at Trinity Episcopal Church by the Rt. Rev. Robert Gibson, Bishop of the Virginia Episcopal Diocese. Assisting were the Rt. Rev. Philip Smith, suffragan bishop of Virginia, and the Rt. Rev. Samuel Chilton, retired suffragan bishop.

Margaret Mead

Mr. Wishner, Mrs. Mitchell Are Named To Assistant Deanships

Mary Washington College Chancellor Grellet C. Simpson has announced the appointment of two Assistant Deans to serve in the areas of instruction and academic counseling.

Named Assistant Dean of the College for Instruction was Mr. Lawrence A. Wishner, currently Professor and Chair-

man of the Department of Chemistry; while Mrs. Nancy H. Mitchell was re-appointed Assistant Dean of the College for Academic Counseling.

Mr. Wishner has accepted a three-year term; Mrs. Mitchell, initially appointed last August for the current academic session, has accepted an additional one year appointment with the request that she return to full-time teaching in September, 1971. Both appointments become effective July 1, 1971.

In announcing the appointments, the Chancellor also indicated that an additional four faculty members would be named to devote half of their time to aiding Dean of the College James H. Croushore and the two Assistant Deans. Their primary duties would be to work with Mrs. Mitchell in implementing the academic counseling program. This action reflects, with some modification, the reorganization of the Dean's Office which was proposed by the Chancellor last year.

A member of the Mary Washington College faculty since 1961, Mr. Wishner holds B.S., M.S., and Ph.D. degrees from the University of Maryland. He has served as Chairman of the Department of Chemistry at the College since

1967.

An Associate Professor of English, Mrs. Mitchell has been a member of the Mary Washington College faculty since 1960. A graduate of Swarthmore College with a B.A. in English, she holds an M.A. degree from Yale University and a Ph.D. degree from Catholic University.

Nancy H. Mitchell

Lawrence A. Wishner

Faculty Members Participate In Environment Forum

Three members of the Mary Washington College faculty participated in an Environmental Forum for Higher Education sponsored by the Governor's Council on Environment in Richmond in February.

The three participants were Samuel O. Bird, Professor of Geography and Geology; Bernard L. Mahoney, Jr., Associate Professor of Chemistry; and William C. Plinschmidt, Jr., Professor of Biology.

The special forum was organized between the Governor's Council and representatives of higher education as a part of the National Science Foundation-State Council on Higher Education-sponsored study, "Science, Technology and State Policy—Environmental Quality in Virginia."

The three primary purposes of the forum were to permit members of higher education to become acquainted with the people and purposes of the Governor's Council; to expose the Council to the people, potential roles and thinking of higher education; and to provide a valuable input to the recommendations of the study group.

Quest XX: Project With A Goal

The planned visit of Dr. Margaret Mead to Mary Washington College marks the beginning of an ambitious project initiated by the Alumnae Association in 1965.

Entitled the Quest XX Insured Endowment Plan, the project was launched in an effort to raise revenue through the sale of life insurance policies—which could be used to establish Mary Washington's first endowed faculty position.

Thus far: some forty-one alumnae and other friends of the College have purchased policies now valued at \$44,000. While this is considered a good beginning, it is not yet sufficient to support an endowed chair without depleting the principal invested, and so last year the Association's Board of Directors voted to initiate the Distinguished Visitor in Residence program as a prelude to the day when a permanently endowed chair will be a reality.

This year the joint alumnae-student faculty selection committee was fortunate in obtaining Dr. Mead as MWC's first Distinguished Visitor in Residence and she will spend April 29 on the campus meeting informally with members of the College community and delivering a formal address in the evening. In future years it is hoped the program can be expanded to include several visits by a single Distinguished Visitor during any given school year.

The ultimate goal is still, however, to establish a permanently endowed faculty position by means of the Quest XX Insured Endowment Plan. In order to do this it is estimated that \$500,000 in policies are required.

Essentially, the plan works in this

manner: for approximately \$1 to \$3 a month per \$1,000 face amount (depending upon the age of the participant) the individual insures her life with a Quest XX policy, naming the Alumnae Association as beneficiary and owner of the policy. Thus: the cash building in the policy is always available to the Association for use in implementing the program and upon the death of the person insured the face amount of the policy is paid in cash to the Association as a memorial gift. Since

the policies are purchased from the Woman's Life Insurance Company of America, only women or girls can be insured.

There are two basic policies offered: a straight life policy and a 20-year term policy. The premiums for the straight life policy run slightly less than those for the 20-year policy. For example, the annual lifetime premium for a \$1,000 policy for an individual who is 35 years old will be \$22.50; while the premium for the 20-year policy

for the same person would be \$27.35 annually.

By the end of the second year, a policy contains cash values and paid-up insurance values. Therefore, if premium contributions are stopped, the owner of the policy (the Association) may surrender the policy for its cash, or elect to take a smaller paid-up policy with no further premiums required. The longer the policy is in force, the larger the cash and paid-up insurance values.

Premium payments may be made on a quarterly or semi-annual basis providing the amount of each payment is at least \$10.00. It is also possible for an individual to increase the face value of a policy at any date, but the premium required would be based on the insured person's age at the time the policy was increased. Another alternative is to insure the life of a younger person, such as a daughter or goddaughter. The premium then is based on the age of the younger person and runs much lower. For example the annual premium for a child one year old is \$12.33 per \$1,000.

Persons desiring additional information about the Quest Insured Endowment Plan are advised to contact the Mary Washington College Alumnae Association, College Station Box 1313, Fredericksburg, Virginia 22401.

A Note of Thanks . . .

Thanks to all of you who have been contributing your trading stamps for the work with the blind.

Thus far, four braille writers have been secured through Top Value yellow stamps, and the first Braille writer to be obtained through S&H green stamps has been ordered. (The Perkins braille writers can be obtained for 34 books of Top Value stamps or 50 books of S&H stamps.)

Two twenty-lesson classes for persons interested in learning braille are progressing steadily under the instruction of Mrs. Ira A. Updike, former Professor of Chemistry at the College.

One class for women in the community meets each Monday morning on the campus, while the second, which meets every Wednesday, is comprised of Mary Washington students.

It is the hope that braille writers can be furnished to those who complete the course and receive certification as brailleists from the Library of Congress' Division of the Blind.

Your continued cooperation in giving trading books and stamps for this worthy cause is very much appreciated. (They may be sent to the Alumnae Association, College Station Box 1313, Fredericksburg, Va.)

United States Senate Minority Leader
Hugh Scott has been named to the Board of Visitors of the University of Virginia by Governor Linwood Holton.

Born in Fredericksburg and a graduate of the University of Virginia Law School, Senator Scott succeeds Mr. Richard S. Cross of Lafayette Hill, Pennsylvania, who was ineligible for reappointment.

Mr. Cross, whose daughter was graduated from Mary Washington College (Helen Virginia Cross '69), served on the Board of Visitors for eight years and was a member of the Mary Washington College Committee of the Board for the entire period.

An avid stamp, coin and art collector, Scott was named last year Collector of the Year by the Virginia Museum of Fine Arts for his accumulation of Chinese art. A significant portion of his collection was exhibited at Mary Washington in 1968.

In addition to the appointment of Scott, Governor Holton reappointed C. Waller Barrett of Charlottesville and William S. Potter of Wilmington, Delaware, to second four-year terms. Members of the sixteen-member Board of Visitors are appointed for four year terms and may not serve more than two consecutive terms.

Deaths in MWC Community

Catherine Dryden August '37 died of cancer Saturday, January 17, at George Washington University Hospital in Washington, D.C. Mrs. August was the 1969 recipient of the Mary Washington College Distinguished Alumna Award.

A native of Baltimore, Mrs. August received a B.S. degree in mathematics from Mary Washington College in 1937 and later earned a master's degree in engineering administration from George Washington University.

She entered government service during World War II as a mathematician and industrial engineer for Army Ordnance and went on to positions with the Navy Department and with the National Aeronautics and Space Administration, where she worked on the Apollo lunar landing program.

At the time of her retirement, forced by illness, she was chief of the mathematical analysis division of the Department of Transportation.

Mrs. August is survived by her husband, Wendell; her mother, Mathilde K. Dryden, of Baltimore; a son by a previous marriage, Frederick R. Hock, Jr., of Columbia, Md.; a sister, Mrs. Roland Ellis, of Underhill, Vt.; and three granddaughters.

sermon at Mary Washington College. Members of the Fredericksburg Baptist Church in the audience were impressed by him and he returned to become pastor of the church in 1932.

A graduate of the University of Richmond with a Doctor of Divinity degree from the same institution, Dr. Caverlee served on the Mary Washington College faculty from 1934 until 1964 when he retired as an Assistant Professor of Religious Literature at the age of 70.

He is survived by his wife, Mrs. Lilian Warren Caverlee of Fredericksburg; three daughters, Mrs. James S. Hughes of Pompano Beach, Florida, Mrs. Frank Billingsley of Fredericksburg, and Mrs. Thomas M. Schuler of Lynchburg; six grandchildren and one great-grandchild.

Mrs. Leo Clarke Ferneyhough, 79, former treasurer of Mary Washington College, died Wednesday, January 8, at her home in Fredericksburg.

Mrs. Ferneyhough retired from her post at the College in 1956 after 41 years of service. She began at the College in 1915 when it was called Fredericksburg Normal School.

A native of Orange County, she moved to Fredericksburg where her father operated a dairy farm on what is now the MWC campus. She served as College Treasurer from 1923 until 1937 when she was named Assistant Bursar.

Survivors include a brother, Mr. Roger E. Clarke of Fredericksburg, and a sister, Mrs. W. W. Lepton of Stafford County.

The Rev. Robert F. Caverlee, pastor emeritus of the Fredericksburg Baptist Church and a member of the Mary Washington College faculty for 30 years, died Thursday, February 25, at St. Mary's Hospital in Richmond. He was 76.

A native of West Virginia, Dr. Caverlee first visited Fredericksburg to deliver a baccalaureate

Student Education Association Honors Teacher of the Year

The Student Education Association of Mary Washington College honored Miss Mary G. Dodson, Virginia's "teacher of the year" for 1970, at a reception at the College on March 9.

A native of Lancaster County, Miss Dodson graduated from Mary Washington in 1961 and now teaches the first grade at Featherstone Elementary School in Prince William County. As a student at the College she was a member of the Student Education Association, an organization for those who plan to enter the teaching profession.

In winning the state-wide award, Miss Dodson was selected over twelve other candidates by a subcommittee of the State Department of Education's teacher education advisory committee.

Bernard L. Mahoney Elected Fellow In Institute of Chemists

Dr. Bernard L. Mahoney, Jr., an Associate Professor of Chemistry at Mary Washington College, has been elected a Fellow of the American Institute of Chemists.

The Institute is the only chemically-oriented American organization whose principal purpose is to develop the professional and economic status of chemists and chemical engineers. Membership is limited to those whose principal education is in these fields.

A member of the Mary Washington College faculty since 1964, Dr. Mahoney holds B.S. and M.S. degrees from Boston College and received his Ph.D. degree from the University of New Hampshire.

Homecoming Scheduled For April 16, 17

Mary Washington College Homecoming this year will be held Friday, April 16, and Saturday, April 17 on the MWC campus.

Two full days of activities have been planned for the eleven reuniting classes and other returning alumnae. Reunions will be held this year by the classes of '16, '21, '26, '31, '36, '41, '46, '51, '56, '61, and '66.

The event was shifted from June to April in order that those returning might have an opportunity to visit the campus when classes are in session and other campus activities are taking place.

Because classes will be in session, housing on the campus will not be available and individuals returning must make their own hotel or motel reservations.

The two-day event is scheduled to begin with registration at 12:00 noon, Friday, April 16, and conclude with a buffet dinner and entertainment at the Sheraton-Fredericksburg Motor Inn at 7:00 p.m., Saturday, April 17.

Highlights of the program include separate performances by students in drama and in dance, and a synchronized swimming program by the Terrian Club.

At the annual meeting the fifth recipient of the Distinguished Alumna Award, presented each year by the Association, will be named and honored.

Please refer to page for a detailed schedule of activities.

Association Elections—1971

The Board of Directors of the Alumnae Association determines policy for the Association and is responsible for major decisions in such areas as fund-raising, budget, Homecoming and chapter relations. Although there are several appointed members, the majority of the Board is composed of fifteen members elected by the alumnae on a class and geographical representation basis. (The appointed members, or those who serve by virtue of their position are as follows: The Chancellor; the Assistant Chancellor; a representative from the faculty; a member of the Senior Class; the immediate Past President of the Alumnae Association; the Chancellor's appointee; a representative from the Alumnae Council; and the Director of Alumnae Affairs. These people serve one-year terms on the Board and are eligible for reappointment. They may not serve as officers of the Alumnae Association.) Each elected member serves a three-year term. Officers of the Alumnae Association are chosen annually by the Board from the fifteen regional and class representatives.

In June 1970, at the conclusion of their three-year terms, elected members will retire from the Board. They may not succeed themselves. The retiring members and the groups they represent are as follows:

Judy Townsend Gatlin '58 Zone 2

Isabel Gordon '42 Classes 1942-50

Donna Henninger Henderson '61

Classes 1960-65

Olivia Wheeler McCallum '36

Classes 1932-41
Joanne Insley Pearre '57 Classes
1951-59
Ruby York Weinbrecht '48 Zone 1

The Bylaws of the Alumnae Association also provide for a Nomination-Election Committee which prepares slates of nominees for the Board of Directors of the Association and for the Nomination-Election Committee, and which supervises the details of the elections. At its meeting in January 1971, the Board of Directors voted to increase the membership of this committee to six alumnae (from a wide range of classes) in order to insure the consideration of as many people as possible for election positions of leadership in the Association. Thus, in the 1971 election alumnae are being asked to choose four new members of the Nomination-Election Committee — two for a three-year term and two for a two-year term. In this way a normal rotation schedule will be effected by 1973 so that three members (or one-half) of the Nomination-Election Committee will be elected each year for two-year terms.

Brief biographical sketches of the nominees are provided here for the convenience of the alumnae. Ballots for the election were mailed to all alumnae in early March (If an alumnae did not receive her ballot, she should check with her local post office and notify the Alumnae Office). Voting in this election shall be by mail only. All ballots must be postmarked no later than mid-April 15, 1971.

Zone 1

Anne Hilgertner Bruckner '61

Former Instructor in Physiology at Mary Washington High School in 1964-65, Anne Bruckner is the wife of John P. Bruckner, Assistant Professor of Modern Foreign Languages at MWC. They have two small sons, John 2½ and Stephen, now in Anne's second as Homecoming Luncheon Chairman in 1966 and has been a member of the Student-Alumnae Relations Committee of the Alumnae Association. During her student days she was House-President of Framar and Marshall Halls, a member of the Student Council and Chairman of the Junior Ring Dance Committee.

She obtained a master's degree from the University of Kentucky in 1964 and has taken summer study in College Street Program at the University of North Carolina. She is a licensed import from 74 countries and has made 52 out-of-country trips to date.

With Mary Washington Anne founded the Madrigal group, was soloist with the dance band four years, and winner of the Mu Phi Epsilon.

Two years after graduation, she won the title of Miss Virginia and was runner-up to Miss America of 1964.

She has furthered her musical studies at Berea School, Columbia University, Juilliard School, New York and L'Ecole Francaise, Paris. She holds an honorary doctorate from Lausanne University and has done numerous benefits and concerts, including work with the Joy Fund

Anne Lee Cegels '42

World traveller, importer, musician, Anne has recently opened a new business building for retail sales located in the Norfolk, Virginia. She is a licensed import from 74 countries and has made 52 out-of-country trips to date.

With Mary Washington Anne founded the Madrigal group, was soloist with the

dance band four years, and winner of the Mu Phi Epsilon.

Edna Gosch Trudeau '59

Edna is class agent for the graduate class of 1959 and served on the Alumnae Association's Distinguished Alumna Award Committee. She received her M.Ed. from the University of Virginia in 1966 and began work this past fall toward a doctoral education.

Married to Thomas A. Trudeau, and a native of Mobile, Alabama, she has a son, David, and a daughter, Jennifer. She is a graduate of the University of Mobile elementary schools, volunteer worker in Veterans Hospitals, and claims membership in the YMCA and local Garden Club. Her special interests are water skiing, painting and flying.

Zone 2

Harriett Nelson Mays '42

Since graduating from Mary Washington with a major in Home Economics, Harriett has studied at the New York Institute of Design and attended the University of North Carolina. She is a General Motors parts manager "aiming as a General Motors parts manager. She has also taken courses in First Aid and Fleet Training.

Harriett Lytches River Historical Society and charter member of the Beta Beta Rescue Squad, she also finds time to serve on the County Red Cross Board, the Court Committee and the Girl Scout Troop Leader.

Currently Harriett is employed as a Personnel Manager for a Chevrolet dealership. Listed among her special interests are spending time with her family, golf, tennis, swimming, the South Carolina Association of Rescue Squads, she is also Editor of South Carolina Rescue News and a writer for her local newspaper.

* * *

Edna Gosch Trudeau '59

Edna is class agent for the graduate class of 1959 and served on the Alumnae Association's Distinguished Alumna Award Committee. She received her M.Ed. from the University of Virginia in 1966 and began work this past fall toward a doctoral education.

Married to Thomas A. Trudeau, and a native of Mobile, Alabama, she has a son, David, and a daughter, Jennifer. She is a graduate of the University of Mobile elementary schools, volunteer worker in Veterans Hospitals, and claims membership in the YMCA and local Garden Club. Her special interests are water skiing, painting and flying.

* * *

Classes 1932-41

Mildred Rockwell Shirk '39

Mildred resides in Blacksburg, Virginia and is married to Frank C. Shirk, Library Director of the State Council of Higher Education for Virginia. They have two children, David 26, and Linda 22.

Since graduation Mildred has obtained an associate's degree from the State Institute of Technology and has served as library director for the New River Valley Community College, Radford, Virginia, and Director of the Newberry-Colored Regional Library. In addition to her work in the field of library science, Mildred has served as President of her Junior Woman's Club, and was co-founder of the Intermediate Woman's Club of Blacksburg. She enjoys among her hobbies bridge, stamps and flowers.

* * * *

Janis Redwood Wilcox '41

Homemaker and mother of four, Janis is married to Frederick Chase Wilcox and lives in Wellesley Hills, Massachusetts. She was instrumental in starting the Greater Boston chapter of the MWC Alumnae Association, and has served two terms as its president.

During college days she was May Queen, member of the YWCA, Debating and Glee Club, and President of the German Society. For the last ten years she has been a Girl Scout leader, has been active in church, community, PTA, UDC, and DAR work, and has found time to audit several Wellesley courses in art.

Classes 1942-50

Margaret Smith Graham '47

Margaret is responsible for the Technical Information Center, East Research and Engineering Company in Linden, New Jersey. She is an active member of the American Chemical Society, the American Society for Information Science, the American Association of University Women and the League of Women Voters. She is also a Fellow of the American Institute of Chemists and last year represented this group on a pilot television program designed for teenagers in the New York City area.

Among her hobbies Margaret lists travel, reading, stamp collecting, hiking, Sewing and her husband, Roland A. Graham, a chemical engineer, reside in Murray Hill, N.J. with their three children.

* * * *

Glossa Graves Shifflett '48

"Music, art and lively people" are among Glossa's special interests. She now lives in Williamsburg, Virginia where her husband, Thomas Bowles Shifflett, is conference Manager for Colonial Williamsburg.

Glossa has an associates' degree from the University of Virginia, has a background of teaching art and music to children, and is presently the Williamsburg Arts Council Art Director. She is also active in the Williamsburg Community Council, the Festival Film Society, and has served as a board member of the Williamsburg Junior Woman's Club.

During college days, Glossa claimed membership in Alpha Tau Pi, the German Club, the Forensic Club and the Mary Washington Union.

Classes 1951-59

Elizabeth Davies Morris '56

While at Mary Washington, Betty served as Student Government President, Westmoreland County President, a member of Cap and Gown, Pi Gamma Mu, Sigma Tau Chi, and upon graduation was awarded the Alumnae Daughters Scholastic Award and the Service Award, recognition of service to the college.

She now resides in Williamsburg, Virginia where her husband, Paul A. Morris, is district sales manager for Massey-Ferguson, Incorporated. They have two children, Paul, Jr., 9 and Barbara, who is 7.

Currently serving as an assistant principal in Williamsburg City Public Schools, she taught elementary school as a classroom teacher in public and private schools. In 1970, she received her M.Ed. from George Mason University.

Active in the AAUW, the Garden club and the Young Adults of Bruton Parish Church, Betty still finds time for her special loves, gardening and bridge.

* * * *

Mary Gaudie Young '56

A past president of the Philadelphia Alumnae Chapter, Mary is presently a representative to the Woman's College Council of Philadelphia. Her husband, Samuel R. Young, is a Project Manager for the Penn Plan Corporation. They and their three children, Samuel, Jr., 11; Virginia, 8, and Marie, 1, live in Washington, Pennsylvania.

Susan graduated from Mary and has worked as a laboratory technician, has attended University of Virginia extension courses and has started her business as a self-employed small pilot. She reports that she is involved in Brownies, Cub Scouts, and various school related activities, and lists as her hobbies cooking, art, and reading.

With her husband, Mary was a member of the Ballet staff, the Baptist Student Union, the Art Club, and was instrumental in forming a Medical Technology Club.

Classes 1960-65

Jeanne Campbell Close '60

Now working as an admissions counselor at Mary Washington College, Judy has had a long and varied association with the college and the Alumnae Association in particular. After leaving school in 1959 to be married, she returned in 1965 to complete her degree in Early Childhood Education as class agent, Homecoming Committee member and Student-Alumnae Relations Committee volunteer.

Now living in Woodbridge, Virginia, Judy is currently President of the Ossocan Elementary School PTA Board and representative to the Prince William County Council of PTAs. She is also a member of the League Close, Major in the United States Marine Corps. They have three children, David 10, Catherine 8, and Bradley 7.

Anna Campbell Close '61, another alumna, is serving as a Red Cross Home Service Volunteer and Confederate Ridge Civic Association secretary. Listed among her hobbies, along with needlework and reading, is the MWC Alumnae Association.

* * * *

Rebecca Turner Perdue '61

Former Vice-President of the Richmond Alumnae Chapter, Becky now lives in Roanoke, Virginia where her husband, Wayne, is a graduate teaching assistant at VPI.

For five years she served as supervisor of the Kidney Transplant Laboratory at the Medical College of Virginia. Currently she heads the Chemistry Department at the Roanoke High School, Roanoke, and is a registered medical technologist in the American Society of Clinical Pathologists.

While at Mary Washington, Becky served on the YWCA Council, held membership in the Medical Technology Club, Matthew Fontaine Maury Science Club and the MWC Council. She is a member of the Association of Young Republicans of Richmond and was Director of the Richmond Teen-age Republicans. In addition to politics, her other interests include reading, knitting and golf.

Nomination-Election Committee

Mary Jane Prillaman Cooke '38

A member of the Mortar Board, Chi Beta Phi, YWCA Council, and the Bataille

and the Fredericksburg Chapter of MWC Alumnae. Lois has chaired many committees for her local club. She has served as Sunday school teacher in Fairview Baptist Church and has been, until recently, a leader of children's choir.

With an extensive background in elementary school teaching, she is currently social studies chairman and fourth grade leader at Mary Washington School.

As a student Lois was active in the Dramatic Club, the Athletic Association,

the Riding Club and the Commercial Club.

* * * *

Eugene Daniel Temple '35

Polly lists her hobbies "scrubbing vases" and "keeping up with my husband." She is married to Edward Temple, State Commissioner of Administration under Governor Holton. They live in Richmond and have two children, Margaret 27 and Edward, Jr., 24.

During college days Polly was Editor of the Bullet, column writer in the Fredericksburg Free Lance-Star, President of the Dramatics Club, and winner of the Kwans Cup.

For twenty years she has been teaching, and at the present time she is a member of the faculty of the Jefferson High School. She has been active in women's club and garden club work, and has done some public speaking. One of her greatest interests is for the medal of honor from the Freedom Foundation in Valley Forge, Pennsylvania.

* * * *

Gail Jargowsky Morrison '58

The current President of the Fredericks-

burg Alumnae Chapter and agent for the YWCA, Gail is in her third year as

of teaching junior and senior English at Stafford Drama Club plays. Also enrolled

in extracurricular activities from the Uni-

versity of Virginia, Gail has taught tennis, lessons in ballroom and to serve as hostess

and model for Aquia Harbour on weekends.

During her first term, Gail was a tem-

porary representative to the Board Day

Student legislative representative and was

the "Outstanding Area Senior" by

the Fredericksburg Chapter. Her

hobbies include creative writing, knitting,

crochet embroidery and antiques.

* * * *

Jana Privette '66

President of the Richmond Alumnae Chapter, Jana is currently enrolled in a master's program in special education at the University of Virginia. She has a background of three years teaching internationally disabled elementary children, and has served for one year as Program Consultant to the Virginia Society for the Prevention of Blindness.

While at Mary Washington, Jana was President of the Psychology Club, member of the Honor Dance Committee, the Band, and Model Moot Court.

Among her special interests Jana lists piano, clarinet, modern dance, golf and skiing.

* * * *

Susan Virginia Carter '54

During college days Susan served as President of the Day Students' Club, President of the Fencing Club and a member of the I.C.A. Council. Since graduation she has earned a master's degree in elementary education at the University of Virginia.

For the past five years, Susan has taught first grade at Mary Elementary School in Fredericksburg. Rebuilding furniture, sewing, and handwork of all types claim her spare time.

* * * *

Isabel Tischard Garof '42

Director of the Placement at MWC for the past 17 years, Isabel has served the Alumnae Association in many and varied capacities. She was a member of its Board

of Directors for 3 years and has chaired the Homecoming Committee, the Fund Drive and the Distinguished Alumnae Committee.

Publisher, yearbook and setting up a craft fair, she has also organized and supervised many activities which have been among her contributions to the local Fredericksburg Alumnae Chapter in which she has held office.

Isabel is Past President of the Virginia College Placement Association and President-elect of the Southern College Placement Association. Working with Daughters of the American Revolution, she is Regent of the Washington-Lewis Chapter, serving as National Promoter for the Children of the American Revolution, claim much of her interest. Among her hobbies she lists knitting and crewel embroidery.

* * * *

Arabelle Laws Arrington '44

Along with raising horses and beef cattle and collecting antique china, Arabelle lists the MWC Alumnae Association among her hobbies and special interests. She served on the Alumnae Board of Directors, both as an elected representative and as the Chancellor's appointee, and has devoted many hours of service in alumnae committee work.

With her co-writer of an almanac in Warrenton, Virginia, and general manager of the same, Arabelle is currently President of the Faquier Automotive Trade Association. She is also a member of the Sunday school class, and an instructor in the Dale Carnegie Leadership Training Course.

While at Mary Washington she served as Vice-President of the YWCA and was a member of the Matthew Fontaine Maury Science Club, Alpha Si Omega and Alpha Tau Pi.

'15 Ruth Carter Veillines
Glencoe Road, Box 598
Glen Allen 23066

Dear Classmates:

The letters are more frequent now and I hope you are enjoying the "news." Christmas is past and we are passing swiftly into the New Year of 1971. I certainly wish health and happiness for each of you throughout the year.

Cards were received at Christmas from Estienne, Broadus Moore, Edna Gibbs Hunter, Esbie Wood Rice, Margaret Sayre Ransone, Bealmeir Lindahlum Masters, Mamie Torbert Kelly, Mary Temple Coleman, Tom and Lucy Boyle, Louise Healey Jones, The Tynders, and Virginia Saunders '18.

Now for the activities: Edna wrote that Margaret and Janet LaCrosse Hankin came in November and spent the day. They had a great time together. Edna and I came from South Carolina visited her for Thanksgiving. Edna returned with her and spent Christmas down there. She may still be there now.

Mary Temple enjoyed the Homecoming so much, she left in mid-November. She is yet thinking about her celebration of the 50th wedding anniversary. Wonderful! Mamie was expecting all her children home for Christmas. A son lives in Ann Arbor, Michigan and his visit depended on good flying conditions. Let's hope he made it. Both Kelly and Mamie are fine and looking forward to their 50th wedding anniversary next June.

Esbie Wood Rice hears regularly from Sarah Gouldman McAllister, who had been staying with her sister since the death of her husband. She is in good health and is experiencing a new lease on life.

Beulah wrote no news. I hope she is enjoying life and her grandchildren as usual.

Louise Healey has not been able in the later years to attend the reunions. Tom her brother is still in and out of the hospital for the past two years. They enjoy having a daughter and two grandchildren close by. The other grandchildren are far away: Betsy in Spain for her senior, Mary Baldwin year, with a new Linda Wiesen of Staunton, with her same grandfather. They are there summer vacation. Tom is in New York in the Navy and Tom is in college in Michigan. I am sure Louise is proud of their successes.

Virginia Saunders '16 and Fanice Hitter Bowe paid me a visit in early December while I was at my daughter's in Dossell. It was so good to see them again. Fanice looks well and seems happy. I learned that she had written a Christmas play in former years and was to have performed it at her church for the second time this season. One never knows all the hidden talents until brought to light.

The Tynders keep well and busy with some social affairs, also visits from relatives and friends are enjoyable. They like to keep in touch with world events, such as the news, parades and football games. Television gives them that pleasure.

A New Year's greeting over the phone from Estienne. Her Christmas was saddened by the death of many cousins and friends. Many of them are in the same frame of life she had heard from Beulah Detwiler Anderson, who had lost an older sister by death. Our sympathy to Beulah and also Estienne. Estienne had a nice letter from Calvin Thomas at Christmas.

Abbie and I came from Wallace Boyle. Lucy at the time had tonsitis nothing serious. They did not have their daughter home for Christmas but were enjoying cards from friends and other activities.

Margaret Sayre Parsons wrote that she and Edna are planning a trip to Urbanna to see Mary Temple Coleman. Margaret has lots of company and runs errands for shut-ins. She really keeps busy.

A recent letter from Virginia Bolen in which she tells of her son, Al. At present he is working two hours a week at the hospital as a "punky" in the Hospital Shop. She also assists in arrangements for Fire Auxiliary Banquets—two during the month of January. She enjoys meeting the people and helping.

I hope Virginia Saunders received the Alumnae News last time. She had been one of the "missing persons" until I sent her name in to the office. If any of you know the whereabouts of the missing persons, why not help the office locate them.

Each class is asked to contribute a contribution to the Alumnae Fund. We hope our class will increase the percentage from last year.

Since Homecoming will be in April this year and with very different arrangements

Class News

from recent years, I hope the class members will begin planning for a get-together. Estienne thinks she could manage one day. If so, I hope I can go along with her also.

As I send this out I have just received the sad news from Estienne that Mary Temple Coleman Thermer was rushed to John C. St. Francis Hospital in Richmond on January 10th. She is very ill at this writing. We hope to hear better news from her soon.

I was interested in a letter from Mary Chambers Hodnett Minneci, Class '82. She wrote that quite a few from the Class of 1915 were present at Homecoming and amazingly happy. She did add that they didn't make the cocktail party. I don't believe it was because of lack of energy. They wanted to talk and talk.

A recent letter came from Bertha Scott Bass '16. She states how enjoyable she finds the Class column, especially to the girls of the Old School. So far very interested in the news of Weaver, Lawanna McCauley '12, who was her first roommate at Fredericksburg in the third floor of Frances Willard Hall. Bertha will move in February to 430 Chamberlayne Avenue, Apt. 12, Richmond, Virginia. Bertha, we will be in touch. Enclosed is a photo of Glen Allen, Va. 23065. I think she is nearer Rockville and works with that group of people.

Keep writing so I can keep you in touch with each other.

Love,
Ruth

'16 Ina Taylor Powell
631 Randolph Avenue
Cap Charles 23110

Bertha Scott Bass has started the New Year right by sending some news of herself.

Since returning to Richmond from Hilton Head, South Carolina, she has been living alone in an apartment across from John Marshall High School. She enjoys watching the activities across the street. She keeps busy with church and S.S. and visiting some of the many lonely widows in the neighborhood. Her son, Michael, is in the Army and the Army is stationed at Oakdale, California. She sees Winnie Dee Walker Dietz and Isabel Willis Rose occasionally, also Mary Deierboi, who lives near by. After March first Bertha's new address will be 430 Chamberlayne Apt 21, Richmond, Va. 23227.

Thanks so much for writing, Bertha, maybe some others will pick up their pens and write.

I am having a marvelous time in Key West, Florida. I flew from Richmond before Christmas to visit my son and his wife. I am still here. My son, who is making the Coast Guard career is a CPO Sonarman. His wife, also from Cape Charles, two children, a boy 9 and a daughter 1½ plus 2 Siamese cats make up his family. I am enjoying my grandchildren and the delightful climate. I plan to finish out the winter right here.

'17 Imogen Ellis Daniel
Weems 22576

I had a nice Christmas card from Lillie Michele Behrendt. She is well and enjoying

having her grandchildren near her. She said on a visit to Fredericksburg in the summer Roberta Cradle Williams called her up and came to see her. She has an apartment there, but didn't remember it. On a recent trip to Fredericksburg I am certainly going to try to locate her. You remember she was among the missing persons of 1917 class.

Amelia Landkford '18 was also listed as "missing." She comes to church in Waynesboro regularly. She was in the hospital for a week for an operation and then at the new Nursing Home in Kilmarnock recuperating, before going home. Her address is Kilmarnock, Va. 22482. I am sure she would be glad to hear from any of her classmates.

On my way to Richmond I stopped at Lat. I store to buy a dress for Ruth who should come along, but Fannie Morgan Wright '18 I hadn't seen her since their 50th Class reunion in '68. I enjoyed seeing her and we had a long chat. She told me that Miss Grace S. Houchen, director of Physical Education 1919-1920, had died in Warrenton recently and everyone seemed to be so very much.

I beg you, please send me news.

'18 Louise Milbourne Clarke
909 Cherokee Road
Richmond 22325

Nellie Hodgeson Warner
4666 22nd Street, North
Arlington 22207

"Girls," so far this year I haven't received any news from you.

Am looking forward to meeting you all at Homecoming in April. Please don't disappoint me.

Love,
Louise

'19 Grace Mason Snuggs
3639 Pinebranch Road
Columbus, S. C. 29296

Thanks to Miss Ann Pfeifer, Director of Alumnae Affairs, we did have word from me as I wrote her that we had moved from Aiken, S.C. to Columbia, S.C. and she just made note of the move in our class news. We are delighted to be in this capital city and to be so near to two of our children, our eldest, Harold Jr. and our youngest, Margaret Anne, is something we are very happy about. Harold Jr. can't have everything and can't have John and his family here but Atlanta isn't so far away and we do get there quite often and that part of the Snuggs tribe comes here, so we are just grateful and quite happy. Columbus is on the way south and since some of you journey down that way, why not stop over and see us?

Our year just ended has brought much joy and happiness. We are so sorry that we had so much sadness for two of the teachers that I admired and loved very much, have passed away. One was our beloved Miss Frazier who married the president, Dr. Russell, one of the most charming and gifted women; the other my dear friend and critic, Mrs. Miss Eva West '13, whom I had the privilege of doing my practice teaching. What a wonderful person she was and her passing in Sep-

tember makes the world a sadder place.

Christmas brought some cards and news of news along. Meta Hunter Harrison did the best job of all. She sent a card with some notes like where they were going to spend Christmas but that her eldest grandchild was at V.P.I. and the "littlest" one entering first grade. Later I had another note from Meta which addressed me as one of our missing persons. I wrote. Billie Mae Lamham and her husband Bill Roane, observed their fiftieth anniversary during the Christmas holidays. Their two daughters, Nancy and Dotie, entertained for them in Dottie's pretty home near me. We had quite a festive evening. Billie Mae is a widow and Dotie should get first attention but Billie Mae's mother, herself recently turned ninety-five, and as gay as the young' est one. It was a lovely party with everyone so happy and gay. We enjoyed our family so much at Christmas; the seven grandchildren and six nieces and nephews made it a happy occasion. Billie Mae's son, Jim, is in the Navy and is in Florida with her son. She was with the good-looking daughter when she mailed the card in Ohio.

I also had cards from Lucille Besedas Brooks '22 who was in our class but always went with our group and came to our 50th reunion, and Viola Virginia Hall Todd who only attended one year, a very lovely person and it was nice to hear from her. Also Billie Bennett Goffigon '16, from Cape Charles. It was good to hear from each one. But what I had given you are mere samples of what you are doing and about your families.

Let me hear from you gals.

'23 No Agent

The following information was sent into the Area Office Office about Eleanor Hostie. She is Mrs. Frank O'Neill. Eleanor is a graduate of Rutgers and Columbia Universities. Having retired from teaching, she is now a librarian in Union, New York. Formerly a "missing person," Eleanor's current address is P.O. Box 1163, 156th Street, Briarcliff Manor, New York 10503. She has one daughter working in New York City.

'26 Lucy Houston Christian
Box 368
Urbanna 23175

Juliet Ware Parker
Rt. 2, Box 23
Dunnsville 22454

Still no news other than Dorothy Chiles' brother's letter. Let's hear from more of you. I see Juliet quite often as we are not more than twenty miles apart. Parke Anderson Fitchette lives on Gwyn's Island in Mathews County not too far away and I've seen her twice.

Last June a friend and I called on another "Missing Person" and found her in Virginia. William Morris of Hillsboro, Ohio had just left. Sorry to have missed you, "Pop."

Juliet was in Richmond having lunch, and saw Lily Mae Brooks.

Roy Dillard Decker has a cottage "down the country" (Middlesex) and spends his winters there. He is a sister-in-law to Marjorie's Club each month and her of her. I see that Margaret Suttles and Virginia Stewart are on the missing person's list. Does anyone know anything about them?

This is the year for a class reunion to be held in April. Don't forget and don't fail to contribute to the Alumnae Class Fund.

Grace Cluverius Van Name '28 is the "doctor" in our "wife" in our town.

I wish someone would volunteer to be Class Agent for the two-year graduates—someone who knows them better than I do.

'29 Hebe Van Dusen Hall
Route 1, Box 43
Fredericksburg 22401

Mary Louise Durban is in her twenty ninth year with the Richmond, Fredericksburg, and Potomac Railroad. She hopes to retire with 30 years of service. Her sister Alma Durban Mitchell '30 is the assistant postmaster at Upperton, Virginia. Mary's cousin Blanche Garrett '41 has been teaching for over thirty years in Henrico County.

'33 Reba Collier Thorpe
Myrtle Acres, Rt. 1, Box 80
Newsome 22874

Nancy J. Hurrie had her 25th birthday anniversary last August and met Ruth Sturn about that mistake! Nancy! That was a very pretty picture you sent of self and husband John, cutting that huge cake. I also had

Christmas cards from: Louise Gordon; Lucy Will Pritchard; Anna Bradkey Weddall; Madeline Joesse Rousie, who is enjoying retirement and four grandchildren; Edna Gable, whose husband died in 1965, married twenty-four years. This is her 20th year working in the Production Dept. of the Newport News Shipbuilding and Dry Dock Co. Her husband, Basil, retired from the same company two years ago. They have no children, two grandsons and two nephews. She hopes to make Homecoming one of these days. Let's all meet there.

Mary Virginia Sale Broadus had a letter from her MWC roomer Alice Mae Brown Waiden from whom also had a newsy note. She has a budget and is for NAD. But this Christmas, Portsmouth for 16 years, she was consolidated in 1970 with the Naval Weapons Station, Yorktown so June 1st she was transferred to NWS. This meant renting their home in Chesapeake and leaving an apartment about to become a house. Alice and her husband retired from Sears, Roebuck and Co. in July 1967. He started a business for himself after retirement but closed it in September. Alice has 4 more years. Their daughter Barbara and husband Frank (both graduates of WMC) have been married 11 years and have two girls, Jennifer and Allison. Alice's son R. C. Jr. and his wife Judy, married 6½ years (both graduated from Bluefield Jr College and Carson-Newman College in Jefferson City, Tenn.) have no children but hoping. He was pastor at First Baptist Church in Bluefield, W. Va. for almost 3 years while he was in Southeastern Baptist Seminary from which he received Master of Divinity degree in May. They have been at Union Cross Baptist Church, Kermersville, N.C. Where Judy also teaches Sunday School. March 19 Alice expected all her family to come. She has a son, Michael, in Columbia, S. C. for Christmas. Barbara is kindergarten director there and Frank is unit manager with Proctor and Gamble.

Lucille Hawkins Ferrell and husband are spending some time on home farm near Fredericksburg with their son, Tom. They had a son born in the States and hope to go to Florida in March for several weeks. They stay busy with church, civic activities and woman's club.

Juli Lee Boston Bartha expects her 2nd grandchild at end of February. Then love grandchild, a girl. For quite some time, grandmother Mary Bartha Nix ('17), husband and Jay were home for Thanksgiving but Juli and Ernie planned to visit them in Tenn. at Christmas. "Mia" Poffeberger Hartman said their Melly finished law school in June and married John H. Smith and husband are now attorneys in Philadelphia. Daughter Martha is still plugging along in school. "Mina" is still teaching and hopes to get back to a reunion soon. Why not make it this spring?

Evelyn Rogers Bell (Maurice Harold Bell) is one of four sixth grade teachers in a school in the city limits of Fredericksburg. She is from the city limits of Richmond. Her husband is headmaster of Hagedorn Academy, Powhatan, Va. Maurice Jr., married with 7 year old son, practices law in Richmond. Daughter, married with infant daughter lives in New York. You can see her again at Hagedorn Academy. I also had a card from Alice Croxton Taylor '30. Their daughter Marie made proud grandparents of them when she had a son in July. Alice's husband retired in January 1970 and she expects to retire in 1971.

Thanks girls for the cards. How about the rest of you?

THIRTY FIVE YEARS!

That's how long it will be in June since we graduated from the State Teachers College in Fredericksburg. Quite a lot has happened since then!

"Let's make this our best reunion ever!" Heteo Harris Lassahn has written a letter sent to each of us regarding the reunion so plan to come to stay at a motel in Fredericksburg, with meals served at the college. As Helen wrote, who knows where we'll be by the time another reunion comes for us next year.

The class extends its sympathy to Dr. Ross on the death of his wife.

Bob Dills, the son of Phyllis Corvin Need, had an exhibition of paintings, collages and assemblages at the Carnegie Hall of Modern Art on January 19-February 4.

Adele Maiford Goodwin may be visiting her daughter, Judy, in Germany at Easter, and may not be back in time

for the reunion. We'll miss you, Adele, if you aren't with us. A trip to Germany is exciting, and we hope you have a wonderful time.

Dorothy McGuire, Bunch's son, Bill, and son, Lynwood, of Collier, Fla., live across the country from their daughter, Sannie, a high school student and a basketball cheerleader.

Edna Sieley Sackets, Coral Gables, Florida, wrote that her daughter and son-in-law have bought a darling little house overlooking a lagoon not far from Edna and Jack. It was at the time of our twentieth reunion that I secured Edna's address and we have kept in touch ever since.

Audrey Rose Burton, Stuart, Florida, wrote that she and her husband had a three week drive to California and a trip to Virginia and New Jersey to see her family. Audrey is very active in church work, teaching a Bible Class and leading a dedicated group to the care of the elderly. She and her husband take active parts in the women's square, and she will be president of the auxiliary in March. They both take a class in advanced piloting (boats).

Why don't you get out your annuals and look back on the scenes of 1938? If you know the address of any of the "Missing Persons" from our class, please send it in.

Hope to see you at the reunion!

Love,
Ethel

'37 Evelyn Riggs Ross 711 Connecticut Avenue Norfolk 23508

Our classmates will be saddened to hear of the passing of Catherine Rydlo August 19, 1969, in Washington, D.C. Because of her outstanding achievements in the field of government, she was the recipient of the Distinguished Alumnae Award two years ago. Thanks to Selma Piland Johnson for sending me the news account. Our sincere sympathy to her husband and son who survive.

I had very little response to the class news in the recent issue of ALUMNAE NEWS. If you know you stay too busy to write your don't! but if you have time post card you see and send me the latest about yourself, family and others you may have heard from at Christmas.

It is quite interesting to note that a chapter of Phi Beta Kappa has recently been established at MWC. Return to membership in the first election is Pauline Grace King, professor and chairman of the Department of Art at MWC.

It is not too soon to be thinking of our class reunion in 1972. Be considering what you would like to do for the occasion in honor of our 40th. Let me know what you think. If you live a great distance from Fredericksburg, start making plans now. "What you see is what you get" until YOU send news!

'38 Heleo Freasley Voris 5640 Old Law Hill Road Eldridge, Maryland 21227

Christmas brought glad tidings from Mary T. Kettridge Gaderman of Farmington. She had been to England and enjoyed her stay. She has a son, Alan, who wrote saying he had travelled the England route and was impressed. Jimy is still in San Diego, and still, as far as I know, a widow. So not Julia Hartley. She is now Julia Loving, having married for the third time. Her first husband died, and Julia is in her 50th year of teaching first grade. She has kept healthy, happy, and young. If you are around Patrick Henry Drive in Louisa, look her up. Julia has two daughters.

New from Mabel Forrest Lynn indicates that she is doing well, though her husband, who after retiring from Civil Service is now teaching at U. N. C. Chapel Hill. She has two sons, one in the Navy and the other still in school. Her very interesting Christmas letter is lithographed and a pastoral summary. (Address is 404 Clayton Road, Chapel Hill.)

Margaret Ashby Williams '39 is back in Lexington where husband is teaching at W&L after a sabbatical at Dartmouth with Hyatt. She is a widow. Her son, James, informs. Son Skip is in the Navy and daughter Jean is in Oregon State after attending Madison for two years. Capt. Tom has retired and is directing a "Snap on Tool" franchise with Helen doing the bookwork. Her

address is 2621 Trotter Way, Walnut Creek, CA 94596.

No spectacular news of the Veris'. We are going to be the proud parents of three college students next year. The twins will be freshmen at some southern school. Sally is at Westhampton.

Regards to all,
Helen

'39 Louise Harris Massive Route 2, Box 99 Lois 22093

Mary Helms Townsend
Mangum 23196

Notes with Christmas cards added much to my Christmas. Nancy Herr Fellin '49 said, "I have enjoyed your course work and comprehensives but the dissipation looms before me. I am continuing my studies. We are all so proud of your accomplishments."

Deris St. Paul Pruden wrote, "Brooklyn was able to help with the hog butchering for the first time in many years. ... We have so much to be thankful for this Christmas."

We are sorry to hear Helms Townsend is sick again. Pray for speedy recovery. She and John had a nice trip to Las Vegas in November to a convention.

Thanks to Marion Timberlake Vobs for finding our missing Miss Aretha Coulis who is Mrs. Oren Collier, Pewhantan C. H. She has moved to a new home at 1000 Main at Middletown High School, Chesterfield County. She has one married son attending Virginia Commonwealth University and one son son who is a freshman at Virginia Polytechnic Institute. Husband Oren is manager of Old Dominion Division, Richmond Office of Old Dominion.

We have Marion Timberlake Vobs is going to run for the House of Delegates in June. Her husband Robert is in real estate business in Richmond, daughter Kathryn is a senior at East Carolina University, and son Bobby is a junior at Virginia Tech.

To Mary Helms Townsend: Happy day with sister Vicki '40 and family. There was a Massie family reunion and Helms family reunion also during the holiday.

Please send me a note about yourself, and news of fellow classmates. Does anyone know how to get in touch with Roxie Suberland?

Louise

'41 Josephine Ewing Balzer 7-Circle Newport News 23696

Lucy Dickinson Spencer
9 Days Drive
Newport News 23692

News from Lois Lester Brown from Amherst, Massachusetts. Everyone was home for the holidays. Jackie and Johnny came down from Lansing, Michigan. Jackie graduated from M.S.U. and is teaching 5th grade up there. Last spring she did her student teaching in England and spent 2 weeks in the French Alps and 2 weeks in Paris. While she was there, Johnny made Phi Beta Kappa and Psi Kappa Phi.

Jan just returned from an exciting trip abroad (this second). He bought a 1961 VW in Germany, and toured Norway, Sweden, Finland, Russia (brought back many rolls of film), and the Soviet Union (East Germany). For me, he sent back 1971 Super Beetle VW--which I like very much.

I am still working as Supervisor of Special Education in Prince William County Schools (P. W. C. is now the fastest growing county in the state) and it's a very busy job.

My mother, sister Ails, and sister Lillian: All fine. Lillian has 3 lovely granddaughters.

'42 Elizabeth Stoeger Gallant Route 6-A East Sandwich, Mass. 02537

News is short supply this time. My apologies for not getting the news in for the last couple of issues. We have been busy looking for an apt buying a house on Cape Cod. I won't say we are settled yet but we are in. Hope still much unpecked as to what we will do with the house. The unpacked--so will bring you up to date on me. Our oldest son has returned safely from Vietnam and is a captain, USAF. Flying with SAC. Our daughter's husband developed multiple sclerosis last spring but is fine at the moment. We have two boys who will be in college this fall.

The June wedding will be in New Mexico so we are readying our traveling shoes.

Our 30th reunion is just one year away. Time to start planning. Let's have a huge group for a real gala time. Don't put off

planning. Start now.

I have one request. Haven't heard from many of you in some time so I am asking EVERY '40er reading these notes to send me your postal address. No pressure--don't forget zip and phone number if you don't object. Must once more confirm all addresses. Am still in doubt about many. Would love to get newsy letters but a card will do if you will send it NOW. PLEASE.

Thank you lots. Note my new address below:

Thanks so much for the Christmas cards. Wish I had time to acknowledge individually. Maybe some day.

"Sell for now,
Betty

'43 Frances Wills Stevens 431 Oakland Drive Raleigh, North Carolina 27609

This job is great when your husband goes to the right place. I had an opportunity to go to Atlanta. I had an appointment with a potential compensation with Dietrich Seydel Company, 501 Hammond Dr. NE. She and her husband (with N. V. Life) moved from Norfolk in 1957 and have 2 daughters; one married and living in Princeton, N.J. and the other is manager of the Memphis Chop Shop in Atlanta. She is coming to Washington often to buy. Did she have legal support to the MWC Fund and is a member of the Atlanta Chapter. And as if that wasn't enough, she had Jerry Sheepbed Copeland's address--100 Waverley St. Box Raton, Fla. Jerry's husband, Bill Williams and Mary to go to Atlanta University.

Congratulations to Nancy Tagg Russo for being elected Secretary of the Westchester-Fairfield Chapter! Nancy writes: "One from the class of '43 is around here; there are a few more from '30 and '49 but they never seem to write or get in touch with us. This is the cry from all chapters. Nance, but I hope this will encourage all of you to affiliate with a chapter nearby if there is one. THEY NEED YOU! The girls who are officers work HARD to make active chapters!"

The Christmas card brought news of Seaman and his wife and 3 dogs. They spent their first Christmas in years at home. She keeps busy on the home and yard and clubbing with the DAR, the Girl Scout Group of the Wives Club and the American Legion Auxiliary. She and her husband are residing in Pensacola, and in April attended her 31st reunion of her Maury High School Class. "On returning, she remarked how young everyone looked. On December 1st was promoted to the rank of Associate Professor at (East) Carolina Univ. i a welcome event."

Peg Moran Logan's fascinating Christmas letter carried the family picture of all 10 Logans! They are a handsome bunch--4 boys ages 9-18 and 2 daughters ages 6 and 20--and really Peg looks just like the 6 and 20. And what a difference! She and her son David (Peg's husband) write in their letter. Last summer the family started a trip to Oregon accompanied by 16 yr. old Allen on his earned, used Honda. At the first stop "we settled and as usual we looked like a cross between a hippie commune and a team of racing mechanics." Come to think of it, we all look like that. The dogs she feels up to claim with her broncho-spastic condition." Her family turns to and helps, so she truly loves camping. Their tour took them to Sacramento (Rolling Park), Tamale State Park (Bend, Ore.), Gold Beach (on the Pacific), Crater Lake, Oregon, and Redwood National Park, and San Francisco, California after midnight. "Allen roared round the right slope right into camp, light blazing into the tent. Cutting his engine, he raised two fingers in the peace sign and bellowed into the serene and quiet night, PEACE. Mom (Peg) sighed with pleasure."

There was also a jolly season card from Kitty Pinney Grinstead.

I hope you noticed the Missing Persons in the last Alumnae News. Again I have some news to add. Please let me know if I do not have your address. I help a few members know about them or leads I can follow!

For one more happy ending--I discovered that one of my daughter's teachers was from Madison College and Heathville. So I asked her to have her mother check on Connie Posey's son for me. Here is her address --Madison College, Heathville, 22590 Gazette Avenue, Campbell, Cal. 95608.

And now until next time—

Frances

'44 Elizabeth Cox Leas High Street, Route 2, Box 70 Higganum, Connecticut 06441

Dorothy Woodson Barber sent us a bit of news about herself. "We were transferred from Mexico City to Seoul, Korea, in the summer of 1968. Our oldest son graduated

adoptions work in Wilmington, Del. Has anyone heard from her? Evelyn DeMatt Breden is also mentioned in Nancy's letter as being in Roanoke where Ray is (or was) operating an automotive agency. I use either tense due to the rapid passage of time and the fact that we have been separated. Again it was simply great hearing from those of you who wrote. And remember—Reunion Time approaches with ever quickening feet!!!

A brief apology for aging some of our news. Sometimes it is hard to make mistakes for the last few years. But the Frost Water stock moved last June from Burlingame to Berkeley, Cal. where husband Ove has two businesses. Peggy Je Gill and Paul were married in April '68 and traveled in May and June of that year to Italy, to Austria for a short time. They returned to California to visit friends. Paul is a design engineer for Mitre Corp. Peggy Jo does medical research and presented a paper to the International Gerontology meeting in Washington in '69.

I received a nice letter from Peggy Je Clegg Thomas last February. Her husband is a Computer designer. They now have three girls and a boy. Paul was working as an interviewer for Navy Relief, president of the wives group and doing scout work. But is also active in scouts and attends graduate school. Peggy wrote that Nancy Meader had a test last month. She has three boys and is remodeling a lovely old home with lots of land.

Betty Crawford Beasley received her Master's in Education from GWU in Washington and teaches in Stanford County. Her husband is a Computer designer. They now have five girls and a boy. Nancy was working as an interviewer for Navy Relief, president of the wives group and doing scout work. But is also active in scouts and attends graduate school. Peggy wrote that Nancy Meader had a test last month. She has three boys and is remodeling a lovely old home with lots of land.

Peggy wrote that Nancy Meader had a test last month. She has three boys and is remodeling a lovely old home with lots of land.

Winnie Hennemann stayed in Germany in the summer of '68, stayed with relatives in Bremen before going to Hamburg, Hanover, and Munich. Winnie teaches in Madison, N.J. and last year enjoyed a new position in her major field of education. She is currently teaching in New York last summer with Shirley Masseger Jones, her husband and three sons, who were on their way to Canada on vacation. They had not seen each other for 16 years since they last met get-together in 1952.

Janet Swan Gerner and Jim live in Atlanta where Jim is a pediatrician and director of the Georgia Retardation Center, which opened in the fall of '69. It is a training and research center with many "firsts" in programs for the retarded. Jim also does some general medical practice. Their vacation work is, of course, quite busy. They have two children, and Janet taught for several years before retiring to various clubs and church activities. We were sorry to learn that Janet's mother died of cancer last year after a long illness.

Marguerite Mulligan is married and has a PhD in Speech and Hearing, and is a teacher at Emory University and the Speech Center.

Peggy Hopkins Johnson represented our class at the Alumnae Council Convention in November. She toured parts of Canada during the month of October, and will be visiting with Dick at Virginia Beach.

Anne Pitt Harvey and Jim visited Nancy Richardson Donofrio and Hal one weekend last spring during a trip to visit Ann's parents who now live in Frederickburg, Va. Oberhauer Hauser is teaching in the Washington area now, and spent a day last summer visiting Polly Watson Godine at her new home.

Becky Spitler Harvill is hostess to an 18 year old Norwegian girl, an exchange student to live with us next year. Becky is writing to tell us all about it.

A note from Pat Kerrick reports that Wywooe Weaver is married to Victor Vaneo, Jr. and lives in Wayne, N.J. They have a daughter and Vie works in New York. Pat saw them when they were visiting us.

Colleen Miller is a high school freshman already! Colleen is doing volunteer work as a teacher's aide in the Vienna school district and reports all her family is well now. Kathlene has recovered from chicken pox. Cathy Plazut Petruzzello is a sophomore.

Roberta Linn Miller sent a long letter. She and her family are planning on moving to Richmond from Charleston. Tom is being transferred to Mobil's home office. Roberta sent a picture of her very pretty Merrith and our thanks to Tom Jr.'s birth. The baby boy arrived November 10th. Roberta and I are still getting from Carol a letter a day. She also sends greetings from Carol's son Miller. Billie '68, who has volunteered to help the Millers unpack.

Barbara Dean Smith Kroonenkamp (she spent two yrs. at MWC and graduated at LSU) is back in the States. She is married and has four children and is teaching this year. Dr. Iris Etzel, is in Columbus, Ohio—she's been teaching a lot lately. She has lost track of Jean Brumback since she lost her husband. Has anyone heard from Jean? "Battons" Petro Molli-

adopted their third child, second son, Stephen Edward, who is in the "terrible twos" now and delightful David is in second grade and Linda "finally left five." Betty is still involved in sewing, homemaking, and has just ended a three-year term as President of all mission work at the Baptist Church. She toured Brazil for 3 weeks last summer and looks forward to "European dream" now.

Dear Classmates:

Thanks for your Christmas cards. It was fun hearing from so many of you and special thanks for the notes which give me some news for this letter.

It is interesting to note that many of our class are teaching either full-time or part-time.

Celia Calloway Hancock teaches high school English part-time at the University. Sue has her teaching and the school activities of three girls keep the family very busy.

Carroll F. Fife teaches English and journalism at Richlands Sr. High and sponsors the school newspaper.

Sue is living in California where her husband is a teacher.

Pete Swais Holzheier and family had a camping trip through Holland, Germany, Switzerland, and Austria last summer. They enjoyed it so much that they plan to return for the 1973 Olympics.

John Credack Franklin misses snow down in Shiloh, Tennessee where she lives now. John has airline jobs for USDA and all three children are in school now that the youngest has started in kindergarten. Marela leads a Junior Girl Scout Troop of 24 and helped elect two Republicans to the local school board this year—the first two years.

Connie Kelen Bryce and family, plus some other friends took a car caravan trip to Nova Scotia during the Christmas holidays. One car developed car trouble in Fairfield, Conn. (where I teach) which delayed them, but they enjoyed visiting the "lovely" Conn. area. They enjoyed a vacation stop-off at Sturbridge, Mass., a man of Everett, Boston, and enjoyed there! Sounds like you all had a great and interesting trip. Carol, I'm sorry you couldn't reach me. Sue Bedell Abelle wrote a long letter to say how much she enjoyed the reunion. She is now engaged and her appreciation for everything that was done to make it so grand. Thank you Sue, you added many moments to the fun, too! Sue keeps herself busy with her family and outside interests. After their summer vacation at their Cape Cod home, she took a course in real estate and is now working full-time in the "full swing" as you read this! Lots of good luck, Sue—from all of us! Sue has also become involved in a small way (time+investment) in a boutique in Norfolk—which is "lots of fun!" Sue is apt to become one of the leading business women in the area! She can do it, too!

Sue has been teaching at Greenwich-Hoboken. Fisher and they were planning to have a luncheon reunion with Peggy Nicoll during the holidays. Peggy is still in Vs. Beach and is now an assistant principal at one of the el. schools. Sue wrote to say that Cell Valentine, '54, now settled in Quantico (Otrs. 8-4, MCB, Quantico, Va. 22134). Sue is apt to become one of the leading business women in the area! She can do it, too!

Connie de Coudres Langen had a marvelous trip to Europe this past summer! She wants to return to Spain in 2 years where everyone is so friendly and kind. Her dad is planning to buy an apt. on the northern coast for long vacations—he shares her feelings about Spain, too. Connie is teaching neglected and emotionally disturbed youngsters now. She feels more like a "referee" than a teacher but believes this will be quite helpful. Connie's father is a retired teacher in the remedial reading field. Her class is all ages and has 5 levels of achievement (nonreaders+). Connie loves her work and considers the challenge and problems involved in teaching these children a great reward, although she says, "I know she could write a book about her experiences!"

Carol Cooper vacationed in Italy last year and loves every minute of her trip. She is still involved in her tremendous job at Yale-New Haven Hospital. She met Laurie Ray Reed with whom Tom Jr. is married. A few months ago in New Haven and found out that Laurie is a friend of a friend of one of Carol's staff members. It truly is a small world! Very nice to hear that you two finally got in touch after some unsuccessful attempts there.

None to hear from Charlotte Fisher Klapproth who briefly noted she had a very late start (20th with her Christmas cards). I know just how that can happen—I still have some of mine addressed—that were put aside and not mailed—UGH! (Dear Abbv...). Jeanne Lippy

lor '56 ('55) sends her regards.

Many of our girls are on the move. Many Frances Treadwell has moved to Tallahassee. Eleanor Pallock has a new apartment. Pat Morris McVey is in Wappinger Falls, N.Y. Nancy Jean Rakes Marconis is in Hamilton, Va. Peggy Nicoll has a new apartment, Midway and Springdale. Pa. Many of you asked about the reunion about Eileen Celia Manzo. Eileen has turned up in Yardley, Pa. Love to hear from you, Eileen. Betty Jane Lewis Ogden, what are you doing in your new home in Philadelphia?

Marge

Greetings from Heidelberg, Germany—from Janice Johnson Jones! She, Cary and their three children will be there for three years. They're delighted! And guess who she bumped into in the supermarket? Joza Ferrall Shaw who was "lost" for 10 years!!! Cary and Lt. Col. are stationed there, too. The three Shaw boys and the Jones boys are really enjoying life in Germany. Cary writes her "Y'all Coming fig out... so if any of you are going that way, I have her address. Sue Durus Heuser ('51 '57) is also over there.

It was truly a pleasure doing the column this round. Please, right after you've read it, dash off a note, even a post card to say hello. Your friends want to know that all is well with you!

Bev

Happy Early Springtime!

Nice to be talking with you again and do hope we'll be hearing from you soon! As much as we say we enjoy hearing from you, some of you are still shy—it's to do today—squeeze in a minute for all of your friends. You'll be doing our little thing for hundreds of others—a great thing!

Connie Kelen Bryce and family, plus some other friends took a car caravan trip to Nova Scotia during the Christmas holidays. One car developed car trouble in Fairfield, Conn. (where I teach) which delayed them, but they enjoyed visiting the "lovely" Conn. area. They enjoyed a vacation stop-off at Sturbridge, Mass., a man of Everett, Boston, and enjoyed there! Cutright and Eugene are now located in Macon, Ga., 31206 (P.O. Box 5032). Ann Taylor Gould and Rodney are also relocated in Cheyenne, Wyoming, 82001 (P.O. Box 1715). Let's hear about what you are doing and let me know if you are interested in attending the annual reunion.

Gretchen Siegel Malligan wrote me a letter telling me the fun just after the news went to print. She is now in the mountains of the Northern Va. MWCh Chapter as President and hopes that all will get out and get involved, too! She and her family had a great trip through the mountains of Western North Carolina during the summer. They are now back in the mountains of the Northern Va. MWCh Chapter as President and hopes that all will get out and get involved, too! It seems appropriate to start the new year in a new home and with a new job as one of our class agents. The Stones made the transition from country to city life in early January when we moved to Alameda. We'll only be here one year so we'll have to move in order to do all we have planned.

My first and only news is from Anne Smith Jones. She writes to us often and her husband plus their two girls have recently moved to Texas. Their new address is 4211 Twentieth Road, Dallas, Texas 75224.

Hopefully those of you who are fortunate enough to attend our 15th reunion in April will be inspired to drop us a line.

Nancy

Good Morning, "66 Goats!

A special thank you for a job well done is sent to Ozzie and to Herman! I'm sure all of you will want to write both of these class agents and express your appreciation for their hard work in the class.

We have a special request from the Alumnae Association. Its director is requesting special news items about classmates who receive their M.A. or Ph.D. or a classmate or her/his husband has a teaching position. This would make some tremendous civic contribution. Each year the association is asked to recommend highly qualified women for the Governor's appointment to the University of Virginia Board of Visitors. In addition, they are asked to recommend alumnae for inclusion in publications like Who's Who in America. And the association tries to recognize outstanding achievement each year by presenting the Distinguished Alumni Award to an MWC alumna. Without your help, we simply cannot help the association accomplish these goals. Please contact and details either to class agents or to the Alumnae Association promptly. Perhaps some awards will come to the Class of '56? Wouldn't that be marvelous?

Mark the calendar, get a baby sitter, and make plans to attend the next weekend you are in town. Come early, bring your husband and he will have a ball, too. Our fifteenth homecoming is April 16, 17, 18. Come on, come all to the grand affair!!

A special dinner will take place on Saturday night and hopefully, there will be entertainment provided by our classmates. At any rate, "CARRY ME BACK TO MWC" should be your theme song for that weekend if you can't come because of the miles between MWC and your home. Send your class agents pictures you have taken so that we can scrapbook to show your classmates at the reunion. Get on the ball! It's almost homecoming time!!

Now for some news! Nancy Dogger wrote a cewsy letter early in January to say that she had moved from Colorado to Northern Va. They always go so close to the capital and the surrounding towns and cities. She had a Christmas card from Marilyn Nicholson Miller whom she had not heard from in several years. She and Richard have two boys now and have bought a new farm in Medford, N.J. They send the holidays with her parents in Williamsburg. Nancy's new address is 111 Center St., B-302, Vienna, Va. 22180.

Connie Crigler's Christmas card was lovely. She wrote a note about her exciting position as manager of the Washington D.C. office of Anderson Associates of Rehoboth Beach, Del. The company builds and sells resort property, between Rehoboth Beach and Ocean City, Md. Keep up the good work. Connie and her husband, Michael B. Baster, had a son named Matthew in November '68 and they are expecting their first child in April. Congratulations, Maryland!! Be sure to send us an announcement.

Edna Lewis Evans and her family have been extremely busy lately. Bill is a radiologist and he graduated from UVA Med School. They have 4 children, Bill, Jr. is 14, Brigette is 12, Jeffrey is 10 and Barry is 5. After living in Beckley, W. Va. and Charlottesville they now reside in Moorestown, N. J. They went to the class reunion in Williamsburg for 3 weeks before school opened. A trip to Calif. is planned for the spring. Be sure to go to Disneyeland, Edna!

An interesting Christmas card and note came from Linda Eckert. Her husband is with UNIVAC and they have 5 children. Linda has been taking education and art classes. She sees Petrie Toome and family often. Carol has 2 children. The Eckerts live in Fort Smith, Ark. Linda plans to come to the reunion. Good for you, Linda!

Also from the D.C. area, we have a note from Laura Miller Eley. Her husband, Mike, is director of engineers for the Ameri-

can Concrete Pipe Association and travels a great deal, it seems. Laura has made recent trips to Williamsburg and is planning a trip to Florida in the spring. Happy traveling to you all.

Peggy Geiser was very helpful in giving me addresses of 3 lost classmates. She reports that she and Wayne are both instructors and officers of an obedience training club and that keeps them busy and happy. Jimmy is in the first grade and Margie is in the second. Thank you for your wonderful addresses, Peggy.

Mervel and I have 2 delightful sons. Mark is 10 and Michael will be 2 in May. I keep busy trying to entertain Michael while Mark is in school. Mark has reptiles and lizards for pets and Michael his mother's concern is if we don't hear from me next month you'll know we have been eaten alive by the creepy things!

Let's keep looking for our lost classmates. The list is long and discouraging but I know we can find them. If you have any information on any of our lost classmates, please let us know. We might remember. We need to find them before the reunion, if possible.

Have a good day and remember to come to the reunion! See you there. KAY

57 Nancy Hallett Guest Two Drive Loudenville, N.Y. 12211

Deane Ford Schubach wrote that she attended summer school this past summer at the University of Va. She is still teaching at the College of the Virgin Islands.

Mary Whited Thielischer and husband David are now living in Boston. Would love to hear from you, Mary!

Vickie Majore Sander took her children to visit the sights of D.C. this past summer. While they were visiting Polly Smith Nelson, Retay Joeses Ware and Latane are enjoying being back in Richmond after all the years of interning. They took a trip to Call this past fall.

The Guests met Sue Ann Hoeppner Morrison, a guest from New York City for a weekend this past November. Brought back memories of our trips to D.C.

I am sure there is a lot more news than what I have to report so why not sit down and jot me a line. I would love to fill up a few pages!!

Nancy

58 Jean Lee Anderson Chapman 1405 Hillsboro Drive Richmond 23233

Hello—

I started today from far-away Alaska! I enjoyed her letter so much that I am going to copy it. Pet Parker Kaplan says "Hang the ironing!" It will keep me busy. I am sure you will appreciate it. I should give you a brief history of my adventure since leaving M.W.C. After graduation, I taught high school history for a couple of years, then did odd jobs in advertising, public relations and magazine editing. I then got married to a fellow named Bill. We moved to Eagle River, Alaska after having lived and worked in the Washington, D.C. area most of my life. I felt a great yearning for adventure and far away places. The first thing I knew I had bought a plane ticket to Alaska, and unloading myself on the rugged terrain of the Alaska Range. This was in November 1962. In January, while working at Fort Richardson, I met Joseph Kapella, a fellow civil service employee. We were married in July 1963 and settled here in Eagle River. Our son, John Victor, was born in Sept. 1964. Our daughter, Anne Patricia, three years later. Victor is six now and is having the time of his life in the first grade. He loves everything about it. Annie manages to keep busy as mother's little helper around the house.

As far as plans for the future are concerned, I hope to get back into school work as soon as Annie is in school. I have been taking graduate studies in library science at Alaska Methodist Univ. in an attempt to become certified as a high school librarian. These studies are the most exciting I've ever taken and I can hardly wait to put them into practice.

Joe and I enjoy small-town living with big city (by our standards) conveniences close by. Our roads are unpaved, but we have a paved road to Anchorage and are quiteplete with wildlife, large and small. We haven't seen any bears yet, but it is not uncommon to have moose gallop by the house. It is a joy to have pure, safe streams nearby where small boys fish, trouting

home trout sometimes all of six inches long!

Along with Lions Club and PTA, Joe and I like to keep up with local politics. Alaskan politics tend to be rough and ready, and in the last few weeks it has been wilder and woolier than usual (this was written just prior to the Nov. election). With a small population, we are few in number to our representatives, and they make a determined effort to reach every one of us. With our large independent vote, no one party can carry the election. Therefore, the politicians have to make very wise appeals.

People are always interested in our winter, so I suppose I should say that our winters in the Anchorage area are about like those in the northern states. The 50 degrees below temperatures that may have heard about occur further north in fact, in Fairbanks. Our winters are short, but cold, warm, and with lots and lots of daylight. Gardening is a challenge, but because of the long daylight hours some things grow extremely well. I'm sure you've seen pictures of our giant Alaskan cabbages. They are not called "cabbages," Phyllis, for calling her. I will be expecting to hear from you!

Key Marta Britto called the other day. She told me about June Kyser Pierson and Bob are still in Burnaby, B.C. Canada. June has received her M.A. and now is continuing to teach English at a private girls' college prep school.

Our missing person list continues: Margaret Burkhardt Sager, Alice A. Niedzielski Snow, Helen Williamson Sutton, June Taylor, Margaret Carolyn Forrester, Lynn Lee Rudge Vitell, Mary Garrett Whitaker, Diane Harkness, Shirley Cyndie Jean Miller, Whitley, Sybil Spivey Williams, and Betty Carol Womack.

By now for—"I'll be watching my mail

for more letters. My next deadline is May 3. Alumnae Weekend is April 16-18. Unless an emergency arises I will be there the 17th. Maybe some of you can come.

Jean Lee

59 Edna Goodrech Trudeau 1221 Mareicle Drive Mobile, Ala. 36609

Thank you, thank you, thank you. Girls! Much love to you on your Christmas cards—so lets get started.

Jo Neal Hendricks Soall had her second son, named Evan, in September. Needless to say how pleased they are! Dick has been a half to a full day to go in law school, but from Jo Neal's point of view, Dick and Kay are in heaven. Her family complete with two girls and a boy. Kay is really glad to be back in the good old USA. She really likes Springfield; for one reason, she has the opportunity to get together with Emily Babbi Carpenter, Doelle Reeder Hruby, and Ruthie Dillman. Emily and Doelle are getting married in April. Ruthie is expecting in February. Kitty expects to be there for at least two years while Harry has duty with the Pentagon.

Another close group is Marcie Phipps Ireland and Marcie Spence Harrison. Gary is still very well and is a lawyer now. Bill and Marcie had their third child, a son named Spence, in September. Bill spends his extra time flying and hopes to get his license in the near future. Both Marcias attended a Christmas party at Soosa Hughes Whittaker's home and really had fun. By the way, we are still trying to find any of girl's in Anapolis area to introduce her so you can all get together for some fun.

Irene Piscopo Rodgers and Don are having the usual hectic schedule, which they love, traveling almost everywhere for their various electron microscope shows. In November, Irene and Don and Vicki Stevens, Mrs. Marianne Carrasco Randolph Ann sent her usual creative Christmas note. I wish all had the opportunity to see some of the mimeographed sheets that I receive; they are really neat. Well, anyway, Bob is working for Texas Instruments in Dallas. He is at the 10th school (4 yr. old), and is also doing another. All of the "Estes" children are in school now and quite active in sports and the like. Bob built a new garage and is a member of a flying club. In fact, he flew over Myrtle Beach and to Virginia to see his family. Vicki is still teaching at the college level and Ann teaches art part-time. They have two children—David and Kimberley.

Some of you may remember Carole Schreck Rice. We exchange Christmas cards and I thought you would like to know that Dick and Sue have two boys—Ricky and Danny. She says Ricky is taller than she is! Carole is working now as the principal's secretary at Howard County's vocational school. They live in Ellicott City, Md.

Another missing person has been found. Her name is Phyllis Page. I received a letter—telephone call from Phyllis. Phyllis Page informed me that I was reported among the Missing of the M.W.C. Alumnae! Numerous moves about the country and my being negligent in corresponding resulted in this, so

here is news of us up to date.

Married to William W. Moss III and have four children; Dick, 12 years; Elizabeth, 11 years; Alexander, 9 years; and Susan, 2 years. Bill is an Oral Historian with the John F. Kennedy Presidential Library, National Archives, Washington, D.C. We live in Annapolis, Md.

Aside from raising a family, I am the Executive Director of the Annapolis Ass'n for Contemporary Dance, a non-profit organization which sponsored dance classes here at John F. Kennedy College. We presented a concert last spring and that was the first appearance on the stage since college days. My daughter Elizabeth is interested in dance and over the holidays danced in the National Ballet Company's "Nutcracker," Washington, D.C. I taught a ballet class for the Maryland Department of Parks and Recreation Dept. of Parks, Phyllis, for calling her. I will be expecting to hear from you!

Key Marta Britto called the other day. She told me about June Kyser Pierson and Bob are still in Burnaby, B.C. Canada. June has received her M.A. and now is continuing to teach English at a private girls' college prep school.

Our missing person list continues: Margaret Burkhardt Sager, Alice A. Niedzielski

Snow, Helen Williamson Sutton, June Taylor,

Margaret Carolyn Forrester, Lynn Lee Rudge Vitell, Mary Garrett Whitaker, Diane Harkness, Shirley Cyndie Jean Miller, Whitley, Sybil Spivey Williams, and Betty Carol Womack.

By now for—"I'll be watching my mail

for more letters. My next deadline is May 3. Alumnae Weekend is April 16-18. Unless an emergency arises I will be there the 17th. Maybe some of you can come.

Jean Lee

May Phillips Slago, who has two sons and is living in Los Angeles. Ann Phillips Chapman has two sons, too, and is living in San Francisco. We said that Sharon Green was married to a Lt. Com in the Navy and they and their three children are in Coronado, Calif.

Audrey Dubetz Doyle and Tom are stationed in Puerto Rico for a while. Tom is the officer in charge of the Naval Air Station at Dededo. With a sergeant, Audrey and Tom are staying in Juneau. And their mother is living with them. One wonderful piece of news, Thomas, Jr. arrived in November. For those extra hours, the Doyle's use their twenty-five foot sailboat with great joy. They're really like it.

Sergt. Major Jerry Johnson and Bill moved to Reston, Va., where they managed to take the kids for a trip to Disneyland in July. Then they returned to Calif. for a combination business and pleasure trip themselves. B. V. Springer is teaching second grade this year and the students are thrilled because two of their neighbors are former classmate Mrs. Wallow Borden and Ed Day stay with their four youngsters but Gloria finds time to lead a brownie troop and both she and Ed have a senior high church school class.

Shipka Kaufman thinks her children are "just a bit." Pug bumped into an old friend, John Stubbs, who, believe it or not, lived in Reston. Carmen Culpeper Chappell and John are planning a Caribbean cruise to celebrate their tenth wedding anniversary. They will also be visiting Puerto Rico and Carmen's parents will keep the children for them while they're separated. Another trip, Ann Brooks Papadatos had a trip home to Virginia to visit her family. Ann does much, much volunteer school work, room mother, committees and the like. She is serving as a PTA board director member. Niek's dad died in March so they are planning another Get-Together for summer.

Priscilla Tuckerman wrote this has really been a busy year; Chris started school and they are finally settled in their home. Pete has seen both Sally Stelzner and Barbara Fredell. Sally is still teaching p.a. in the same school. She and Barbara Fredell England this summer where she spent four weeks. Pat Gray Proulx and Dan announced the happy arrival of David in October. Pat has heard from Betty Pollard who is working Richmond for the Department of Agriculture. Pat's mother had open-heart surgery and she is doing well.

Jane Tucker Brookshires' letter was this has been the activities of 1970 and her family. Jon Kari is four years old already. Jane planned to spend Christmas with John's family. Eddie Weber Stahl spent this past summer working on the census counts. They plan a lot of skiing with the children this winter. She sees Nancy Howard '60 who is turn bears from Souza Rates Douglas. Luanne Harrison Mortimer says her girls are growing so quickly she can hardly keep up with them. They are both in school now and still involved with the Ninth, Novato District. Luanne teaches Sunday school and is also a hospital volunteer. Hurrah for Luanne! With her as Charity Ball Chairman, \$1200 was raised for this hospital in Sturgeon Bay.

Wonders never cease! At last a letter from Carol Neutes Robinson. Don have had a son, Matt, and Ted. Don works for a division of Metromedia and Carol is a systems programmer. Don't know what magic word she uses, but she takes off the summer to the beach with the children and to break up in little golf. Their big project for '71 is to convert their carriage house. Hay, why don't some more of your girls who haven't written, surprise us. This is the kind of shock we all like.

Here's another one! Greta Ellis Perkins is 11. Greta and Bob have four children. Bob is in London, England, while Greta is stock in Newark, New Jersey. While the fall will be in New London, Conn. However, The Perkins have plenty of summertime activities. Before their move to Va., they were in South Carolina. They spent Christmas before last in Texas. Greta is a member of the Girl Scouts and a volunteer group that performs for hospitals and nursing homes. Bob's hobby is woodworking. Whew! Aren't you all getting tired?

Mary Freedman Downing is conquering the searing department. Allison is still with Mary. She and her wife are moving to the Cinderella district. Mommie mad! Mary is still finding time to give her guided tours. She and Glenn spent eight days in Munster, Paris and London. Envoy! Envoy! But the neatest trick of all—even though it was off Albin's birthday present, Stephan felt made it with their beloved bicycle ride from Reston to Dulles. Guess what? His favorite topic of conversation happens to be?

Ann Harris Hunter '60 praises the beauty of her home state, Florida. All the gorgeous sun! Ann is really interested in real estate now, so much that she's studying for the real estate exam. She and her husband, James Gillan, Barbara Gordey Organ wrote of their move to Charleston in July. She frequently sees Shirley Musilta Overman. Shirley took a trip to England. Barbara has also heard from Doris St. Eglein, who lives in Florida. Barbara and Jim, a child life officer for Sub-Squadron V. Joan Easlik Wolosin is teaching sixth grade English since Blaks and Wendy are in school. Joanie is planning a big reunion this spring with Carol Deebler Leonard, Tene Blag Klair and Nancy Crostado Leibfleib. Kent has a new job with the town attorneyships and going justice work, too.

Gloria, thank you. This was a fun issue to write and it all credited to you. From the Trudeau files—my family spent Thanksgiving week with us and we had a wonderful time. I am still age decided to go to the theater by an appointment. I switched over to painting. Hmmm! It's quite a game to paint bulletin boards. Would you believe I will have been married four years by the time I read this? To the same guy, too! Poor thing! He wants to have my telephone number. I.V. G. 196-1100. I'm sure he'll call me to Mexico again this summer. He is certainly is lucky! Until our next issue—take care.

Love,
"Eddie"

Dear Friends,

Forgetting if you can for being so receptive in my duties. This season has been really a busy year; Chris started school and they are finally settled in their home. Pete has seen both Sally Stelzner and Barbara Fredell. Sally is still teaching p.a. in the same school. She and Barbara Fredell England this summer where she spent four weeks. Pat Gray Proulx and Dan announced the happy arrival of David in October. Pat has heard from Betty Pollard who is working Richmond for the Department of Agriculture. Pat's mother had open-heart surgery and she is doing well.

Jane Tucker Brookshires' letter was this has been the activities of 1970 and her family.

Jon Kari is four years old already. Jane planned to spend Christmas with John's family. Eddie Weber Stahl spent this past summer working on the census counts.

They plan a lot of skiing with the children this winter. She sees Nancy Howard '60 who is turn bears from Souza Rates Douglas. Luanne Harrison Mortimer says her girls are growing so quickly she can hardly keep up with them. They are both in school now and still involved with the Ninth, Novato District. Mary Freedman Downing is conquering the searing department. Allison is still with Mary. She and her wife are moving to the Cinderella district. Mommie mad! Mary is still finding time to give her guided tours. She and Glenn spent eight days in Munster, Paris and London. Envoy! Envoy!

But the neatest trick of all—even though it was off Albin's birthday present, Stephan felt made it with their beloved bicycle ride from Reston to Dulles. Guess what? His favorite topic of conversation happens to be?

sitting in your nightshirt back at the dorm) and relaxed, there was much singing and laughter. Lynn Murphy Mallout brought her guitar. The highlight was when Lynn's acquaintance, Linda, sang "I'm a Little Bit Shy" and "I'm a Little Bit Shy." She still works magic with that song and the hush that followed was a tribute to her talent and to all our memories. I think lights went out back in the dorm by about 4 A.M.

Saturday brought the graduation ceremony. Helen and Bill Clinton thought it was terribly impressive and thoroughly enjoyed attending, even the 'I' was blary-eyed and weak-minded. As I remember it all now several impressions remain. The first is a mixture of elation, that so many loyal friends were unable to return, and of frustration that the 16th anniversary couldn't be made up in the fleeting moments allotted us. I see a panorama of faces, not all well known but all equally loved as an integral part of my collection of memories. (I started to say "memory bank" but that seems cliché and cold!) There were several people present with whom I was really able to talk to for the first time. It was exciting the 'I' hated to have to say goodbye just as I began to get acquainted. And there was the bittersweet feeling of seeing those very special friends and not being able to spend time with them. I tried to have a recollection of being terribly rushed with so much on my mind that I wasn't able to relax and really enjoy myself until Saturday night when it was almost too late. (I also feel rather awkward.)

I'm sure a regeneration of the years, being somewhat partial to plain "doin'" on me, however, for the occasion and because I know my schedule wouldn't permit much upkeep. I had my hair "done" as I felt stiff and self-conscious—and as I was changing my belt off my regular jeans. Once in a while I know it bothered me, but I could shrug it off. All the warm feeling I have about that weekend. My only disappointment was not being able to talk with such classmates.

Rumors are funny things...good and bad. I am sure for most people who came this was a happy time, full of feelings. For myself and certainly for some fellow veterans, I'd imagine, there was a certain satisfaction and relief when it was over. I'm just now able to think in terms, if cautiously, of our next anniversary in 1975 and then I'll be 50. GAD! Forget I mentioned it—I'm not ready yet.

I'd like to publicly acknowledge the following friends who volunteered to set as Area Coordinators: Patty Morgan Bellows-New England; Tracy Moose Evans-North West; Carol Facon-Williamsburg-Pennsylvania and Delaware; Karen Larson Nelson-Maryland; John Anderson Thomas, Virginia (Priscilla) Correll Barrough; Lynn Murphy Mallout, Rita Kops LeClere-Suburban Metropolitan District of D.C.; Jean Dunn Diemer-Shapiro-Tidewater-Virginia; Barbara Gammie-Brown-Georgia; and Cary Tilroe Doyle-Florida. Almost heartbreakly yours from me and from all those I contacted who are from whom you worked so generously.

As an official report to all we gave Miss Drost a several month delayed presentation during our party at the Sheraton Bookends (with appropriate golf club accents), an ashtray that sits in a wooden base which can be used for indoor putting practice, and a giant Esdras paperweight (one on which she'd signed and insisted that all would have places of honor in her office the Dean of Students, including a caricature presented for fun).

I must apologize to those who were present for not mentioning the Traditional Class Reunion Gift. I'm a terrible fund raiser and hate asking others for money since I never seem to have any myself. At any rate, the class dug down and came up with \$15.90, including a \$5.00 gift from one person. That person donated her gift to the new fund to establish the Distinguished Visiting In-Residence Program. That program is due to start in the Fall of 1972 and will be funded by the Annual Alumnae Fund. Those present and voting drafted me to continue as your Class Agent. I am flattered and honored. I hope to live up to the vote of confidence better than I have in the past.

I have started a Class-Family Album with the pictures donated during Homecoming. I'd love to continue the collection so please, ANYTIME you have pictures that you are especially proud of, or extras, or old funny ones, send some to me! As soon as I receive them, they will be available at the Alumnae House after that I'll bring it to every Homecoming for your pleasure. It will be a fine fun tribute and

memory of our class. Eventually it will end at Spotswood permanently for posterity. Please contribute!

Well, it's time for my regular plea for support. I maintained these pages for those two people I mentioned there are many more ONE letter since last spring. I know you were tired of thinking about M.W.C., Jody, etc. but its been a whole year and then some. It's not just me, it's for all the old friends who would very much like to keep up with you and your families. Please. Fond best wishes to all of you for a fulfilling and successful New Year.

As always,
Jody

Hi Everyone,

How I love Christmas because it brings so much news from you classmastes! Got a real early start on the season with a Christmas card from Bev Cervon Shea which arrived Thanksgiving weekend. She and Jim moved that weekend from Texas to Milford, New Jersey, where they have a house on 44 acres of land. They are still in the process of getting settled in and are now flying for Eastern Airlines. Before they moved, they flew all over the U.S.A., Atlanta, N.Y., Miami, Wash. D.C., San Diego, etc. They toured the West and S.W. in May. Unfortunately, on the way home, they were in a bad car accident, but I'm glad to hear they are recovering well. I hope you are all as though you are enjoying your country home. Bev. For news of the rest of that suite, we hear from Joan Giloppo that she and Jim are back in Bowie, Md. after 18 months in Connecticut. She was surprised to find that Babes Basile, John, and Jim were moved to California. Nancy Wright Wright and Grant have left the East for a home in California, Westlake Village. Grant is out of the Marines and works for Litton Industries. Elvin Grumby deGail and family are now in Chicago, glad to be back home. Jim and Sue are still in several years in Paris, France and Elvin plans to return April 10th—hope you can make it too, Bev.

Two other pilot's wives are leading interesting lives—Doris Cairns and Patty Cairns Hourin. Doris and Doug have moved twice since last Christmas, to New York, and then in October to San Antonio, Tex.

Air Force Base in the middle of the Mojave Desert where Doug is attending Aerospace Research Pilot School. This commits him to the flight Test Program for several years, so she guesses he'll get used to the desert.

They are close enough to the mountains to where Calypso is found in the mountains. Reb is in kindergarten, so it won't be long before Deb is ready to teach school (after she goes back first!). She wishes she weren't so far away from our reunion—we'll think of you, Deb, and of all of you who won't be able to come.

Jim and Sue are still in Paris, France and are flying to the U.S.A. with M.W.C. on their new Cessna 170! Jim is out of the Air Force and they are still based in Houston where he flies for Delta and with the National Guard out of San Antonio. Patty is busy teaching nursery school at their church day school and is having a very interesting and challenging experience.

Another military family, Jean Ryan Farrell and Frank are in just about the ideal station for a U.S.M.A. graduate, West Point itself! They've been there since the summer and Frank enjoys teaching Plebe math. Jean says it's a marvelous place for the whole family. They have a large house there are many convenient sports—ski slope and ice rink on post's golf, tennis, water skiing, etc. Her older boys, Franklin and Bobby are involved in sports, scouts, etc. and Jean is up to her neck in post activities and camping with all of us to M.W.C. on their new Cessna 170! Jim is out of the Air Force and they are still based in Houston where he flies for Delta and with the National Guard out of San Antonio. Patty is busy teaching nursery school at their church day school and is having a very interesting and challenging experience.

bridge, and is involved with the newcomers group. She too hopes to get to reunion.

A card from Buenos Aires, Argentina, arrived with a few more details on the move of Jeanne and George Browne. They got married in October 1970 and live outside the city in San Isidro. Iva was sent there by Union Carbide and they are looking forward to a 2 year stay. Other cards received from Iva once lived with, Carolita Crozier, Clara Samuels, and George's wife, Betsy. Both Carolita and George's wife, Jessie Riles Wansley ("I'll tell her speak for herself") brought back many fond memories. Carlotta says she had a hectic year—Preston went into business for himself in the spring and she has been a baby-sitter full time for working mothers etc., to help out until their son becomes established. She saw Brownie Marshall McElroy recently. Browne has moved to Newport News while Judge takes another tour of duty in Vietnam. The Clarks live in Bethesda, Maryland. Tom and Clara Sue Sandee and Bob Armentage live in Brookfield, Conn. with their two daughters aged 8 and 6. Betsy's in Baltimore with two boys Michael and Stephen, and Clara Sue comes to reunion from McLean, Va.

Our congratulations to two classmates who achieved remarkable success in 1970—Mary Gilligan Dodson whom you all read about in the last newspaper as having been named Virginia's "Teacher of the Year" for 1970, and to Pat Pollock McFarland who finally received her B.A. in Psychology in June. Pat married Charles Sauer three years ago and has four years, with two children, Lynn and Rusty, been working toward her goal. She says much as she'd like to teach she feels now she should be a full-time housewife and mother again. She hopes to get into teaching in the elementary school system. Carl (They live in Costa Mesa) The family went sailing over Thanksgiving and were snowed in!

George Georgiou Rahmias and George have had quite a busy year of traveling. They spent a week in April in Miami (College Weekend) and in June tried Puerto Rico. It was nice, but much more subdued, in November they went to a convention (George is a dentist) in Las Vegas, their first trip west. They always take their two daughters with them who are really angelic children, but at least one is here now. They have become tennis fanatics and play several times a week, indoors in winter. George heard from Jane Ewers Robinson whose husband is out of the army and they are back in Alexandria. George speaks for all of us when he says "I hope she can see us after her friends again and she plans to come to reunion. How about you?" Eleanor Knight Jensen and Cliff plan to come from Charleston, West Va., and Sylvia McFadden-Woodcock and Stan do too. Sylvia is busy with their two sons, aged 7 and 1, and church and church activities in Wilmette, Ill. Thanks for the photos of your daughters, Sylvia—a blonde and a blonde! The staff of social workers whom Lynn McCarthy works with have known for several months that Lynn is driving from Boston to Ky for reunion.

I received nee long Christmas letters from two classmates and I wish space allowed me to print everything. "Pepper" Jacobs Germer had a string of house-guests from June through October, and in October the new notabob arrived. New Mexico will say come on down and see them in Texas City, near Houston and Galveston. Hank enjoys his job at the U. of Texas Medical Branch as an assistant professor of biophysics and calculus, and even sports a lovely mustache. "Dad" Pepper, who taught kindergarten for half a decade at a private school where daughter Alisia is a kindergartener. Son Richard is a rather big boy, weighing in at 37 lbs. on his 2nd birthday!

The Sweet Adelines, sewing and craft project, etc., are still active. I am sure some of the things Pepper does with her. There spent Christmas in Richmond with her family and she hoped to see Lloyd Tuleo Backstrom there. Your life sound very full and happy. Pepper. The other letter was from Sarah Lee Koenig, who not only writes in English, but of herself in her very elegant style of writing, but of others as well. For once, her address had not changed from the past year, quote "We've been here so long I finally had to break down and clean the oven." Here is Stacey Cullum from whom I heard on three occasions during her hunting trip in Alaska with his family, and Sarah flew home to Norfolk for a couple of weeks in November. When at home, she spends her days dressing various uniforms for her family, from Tom's cubmaster to son Tommy's Cub Scout and Little League, and Sarah Leigh's ballet

dresses. Mother Sarah's uniform still consists of "one apron, one straight jacket, eight pair of worn out track shoes and a beaded ice cap." When she was in Norfolk she got a call from Kathy Calhoun Higgins who was married last June to a local man whom she met in Naples. Now when he transferred to Norfolk, Kathy extended her enlistment as a Navy nurse for a year so she could come back with him. Kathy hears from Doris Sherman who is married and lives in Hopewell, and Sasse Dease Tatman, married and living in Falls Church. Her husband is a doctor. Bill and Sylvia Tatman are the parents of Paul who is attending Burlington to North Carolina. Graham Walker Burns has a boy Lee and a girl Carol, and was expecting a third on Christmas Day. Margaret Pierce Metzler and Chuck are stationed in Anchorage, Alaska. Their son, Matt, is in summer camp. Marg Gilfoyle's big news is the arrival of Bill on Nov. 17, 1970. Sarah's former roomie, Sera Prusterma Brown and Dwight live in Charlottesville.

As Phyllis mentioned in her great column last issue, lots of classmate news. Mary Gilligan Dodson whom you all read about in the last Quantico Another joined them in January, Charlotte Howard Astein and Hank. He will be going to a six-month school and then will go back overseas. She will return to Beaufort, S.C. while he's gone. Their family now has three now: Edward, Paige, and Bill, born July 1970. I'm sure the Quantico gang will be with it 1970!

A nice letter came in January from Berkely, Michigan, with news of Lillian McNerney and Michael Arce, and others. The Arces had a son in December, a second of adoption this year. Angela Elizabeth came to them when nearly 2 months old, and she'll be one year in April. She has three brothers to spoil her, Danny 7, Dennis 5, and Andrew 3. They seem to be enjoying parenthood immensely. Lillian sent news of Carol Turner Daniel who is in Atlanta with husband Lee and a boy 3½ and a girl 2. The Arces visited Gail Brownfield Waring (freshman class only) in New Hampshire a couple of years ago. The Warrings have two girls and a boy and a beautiful home in the "non-polluted woods". They have a dog, a pony, sounds bugs and has darling kids, 2 boys, one girl—where does she live, Lillian? You mentioned that our Marion Murfless Phillips and Johnny are in Newark, Delaware, with their two girls and one boy. Barbie and George are here now. They have our M.W.C. Alabama group activities. Lillian was wondering if she was the first in our class with four children. don't know, but Phillips has printed a note for me to send to you. Please remember last time that The Sammises has five!

Speaking above of living in "non-polluted woods" introduces my last news item from Carolyn Spell Roberson who wrote that she and Jim were forced to leave Fort Meade, Florida due to the awful air pollution problems with the mining of phosphate rock. After living with it for seven years, it has forced them to leave. They are their age and she knows first hand how awful the air can be and that we all must do what we can to clean up our earth. They have moved (in Jan.) to Boca Raton, Fla. Since Jim is getting started in a new job, Carolyn is staying home with the children, she probably won't be coming to reunion—the will miss not seeing everyone.

This column has gotten so long (I'm not complaining!) that I don't have room to talk much about our reunion except to urge you all to your husbands' wives. That is the only exception, the successful will be. We hope to have a class party Saturday night, and also we hope to arrange for the class to stay in the same place overnight. Further notice will be sent to you. just plan to save April 16-18 for M.W.C.! Many thanks for all your news.

Connie

I am getting excited about our reunion in April! After talking with Connie last night, I'm convinced that our entire class is going to be in Fredericksburg for this special occasion! If you are waiting to decide to come, go ahead and make that extra effort . . . and Virginia gals close, we are looking for a place to stay for a week—a while—until you get to the reunion—BE THERE! The motto for the reunion is "Bring Your Husband"! This will be my first return to Mary Washington since graduation day and I'm already getting sentimental! Just imagine . . . spring in Virginia. I haven't seen anything as beautiful as those dogwood trees and apple blossoms in ten years. five states and three continents!

Thanks to Dr Vladimir Brenner, my Russian professor at MWC, I can say that I have heard from at least one friend from Mary Washington this year. I appreciated his clever note and sense of humor

A very special person! I would like to hear something about the MWC chapter in Chicago. Maybe this "downstater" would get up to a meeting.

That's all the class news, so you leave about myself and life on the prairie. Art galleries shows, canvas, paintings—that's all I can think about these days. This hobby is completely absorbing me and my family. Bill sketched the canvas and spent a lot of time on it. I am working on my paintings. I'm submitting a painting to the National Academy of Design in New York City in February and also hope to enter the Mid-American show in Kansas City and St. Louis in March. These professional shows allow only one entry so it makes the selection process pretty rough. I continue to teach art for the junior college night school here and am chairman for the Art League Show in May. Have given lectures on art skating have failed in some of my classes. Bill, Marguerite and I all received skates for Christmas and we have had some wonderful days on the lake here in town. Our girls are a lot of fun—and, as you all know, they take some running to keep up with. And, as you know, I am still working for me to tell her she can start packing for her freshman year at Mary Washington. Bill tries to contest the issue with various commercials for Standard.

Until April . . . start your diet, lose ten pounds, and save your pennies—for our tenth reunion. That's what I'll have to be doing so I can see many of you soon!

Greetings:

So glad to hear from classmates with Christmas cards and cheerful notes and letters.

Will start with congratulations to David and Lois Haglund on the birth of their first child—daughter Ashley Elizabeth. Mary and Dave bought a home near Houston and love Texas.

Lynn Hagan Halkias wrote such a nice note stating she was sending greetings from one of the silent majors, (now Mrs. Linda Padfield). Lynn completed a dental internship at Drexel in Philadelphia. There, she met Nick Halkias, who is a chemist for Mobil Resins Corp., and they were married in 1966. Lynn worked two years there then started her family of three children—David and Holly who also adore their mom, and from the picture, I gather they are four and three. Jim, their son, looks nearly one. Many thanks, Mary.

Heard from Kathy Clark Wary who sent the news that her two sons Dan and David are in the final year of their new law school at Marshall Law. November 23, 1970. Kathy says sharing the baby with the older boys has special pleasures. Kathy also sent a picture of her three sons. The baby surely looks like these older handsome sons. Wish these pictures could be printed. Dave loves his job in Stockton, Calif. and enjoys it from the heart. Dan goes to nursery school three days a week—while Kathy is busy keeping up with everyone—sounds quite familiar to many of us. Kathy, in a later note Kathy wrote Beth Lancerof is in Connecticut. Mary Gilmore is married and moved from New Haven to Enfield.

Emily Riker Seaver and husband Tony had an exciting but busy year. And Tony spent a weekend in London after Tony's promotion. Emily's children have started school—the oldest is learning to read and losing teeth. Emily and Tony are now in Raleigh, N.C. in November. Em said Suzy looks wonderful, the boys are darling and her husband's business is doing OK. Mary Louise Justice '61 & husband are in Raleigh, N.C. with a two years old son and a new baby daughter. Her other news was Susanna Palmer Hill and her husband Larry have adopted a baby girl, Allison and are in Tulsa, Oklahoma. Congratulations to both of them.

Received a very happy note from Deana Lehrman McNeil. She has been going to a live piano class at the local music store, on Scottie, who is first and second and has been taking piano. (Incidentally both book quite a bit like Deanne) and husband Laurie who had a broken arm this fall. Thank you for the picture. Deanne, She and Laurie are quite active in the Jaycee-ettes. Deanne said Jim and Sue Stukel Tumlinson moved to Gainesville, Fla. last summer

Nancy Helman Mallon wrote that husband Steve and their two daughters Meg and Anna three years ago had LASIK eye surgery. Received many Christmas cards with messages. Ethel Hill spent a week of her vacation in London during November and plans to tour Europe during 1971. Too bad you and Emily didn't meet. Peggy Hobert Mailler and her husband David son Tim, wife Anna (who is 18 months) settled in San Diego, California. Barry and Kathiee Sprinkle Lisager with Amy (4) and Matt (2) have built a new home in Newport News, Va.—that they were in it by Christmas. George and Nancy Powell Sykes announced that daughter Linda (age 2) will have a brother or sister in May.

Jean Akers Rodger is teaching two nights a week and works with a retarded child several hours a week. Husband Eddie is principal of the same school. They have also been working on their house. Joan said Lee (now 21) is thin, blonde, 5'4" and weighs 115 lbs. (Lee is 11) is fat, dark and loves food. Would love to see them, Joanie. Her news was Ann Teech Huml had a boy this fall and they are stationed in Quantico.

Anne Hegde Gordon is living in Alexandria with sons Tom who is 19 and David and Anne with daughter Debbie who is 16 (Debbie incorrectly). Guess these fellows keep you pretty busy. Ann Judy Eadyng Cook with husband Reg and son Charles have bought the home they have sought for the past two years. Reg is about to complete the course work for his PhD in acoustics at the University of Michigan. Bill is active in the National Institute of Environmental Health Sciences Research Triangle Park, N.C. (near Durham) in January. The research project and dissertation to complete his degree will take at least one more year. Judy has a part-time job as secretary/bookeeper with an industrial designer. Charles is a police officer and Paul just got good to kindergarten. Judy's news was Lorain and Lyo Crooks Smith had a daughter Allison Lynne born in August and Marvyn and Patty Barwick Giesen became parents of a son Paul Brian Giesen on December 19, 1969. Thank you, Judy, for writing.

Bette Riethe Padfield wrote the nice letter from Charlottesville, Va. while visiting her parents during the holidays. She received the Alumnae News and decided to write. Bette moved to Arlington and worked at the Children's Hospital in Washington, D.C. after graduation. She then married a man in the Air Force career man and they lived in the Washington Andrews AFB area until 1966. She also worked at the Library of Congress, Personnel Division, for seven months after they moved to Cumberland, Maryland, husband was a pilot for Pan Am. They moved to the U.S. Post Office in Cumberland. Bette and Jim have two children—a son Lance who is seven and in the second grade and daughter Courtney who is five and in kindergarten, awaiting first grade. Since 1969 Bette has been working at the Sacred Heart Hospital in Birmingham, Ala. Jim is a pilot and Jim bought a new home three years ago. Bette is anxious to hear from Marie Kirsten Fitzmaurice, Linda Roberts Koebel, Pat Richardson, Judi Bernstein Pressman and Marilyn Schulman Benham. Her address is 320 McGill Drive, Bel Air, Roland, Cumberland, Md. 21007. Bette wrote a nice personal note in her Christmas card. Incidentally, if anyone is receiving this report at your parent's home and would like to have it delivered at your own address, just write a note to the Alumnae Association Officer or to me—there is not charge for the "report" or the magazine, and we would be most happy to have it delivered to you.

As for myself, our third son was born October 22nd. He is a good baby and so easy to please. With his dark hair and eyes he favors his older brother Robbie, who is five and attends kindergarten. His other brother Patrick turned three and now attends preschool. The baby is a real joy. Please forgive my lack of news. For my son's sake, I would like to add that he is a real joy.

Hope your 1970 was as happy as ours. Until next time,

Pat

Mary Cooley Fauber sends news that she and architect husband Everette have 2 daughters, Reed, aged 3½ and Elizabeth, aged 7 months.

H1!
Sorry to have missed writing for the last few issues but it's hard to write when there is no news. I am still here in WInona and have a merry-go-round and even the slow months of Jan. and Feb. have been busy.

One weekend in November I left Bob home babysitting with Elizabeth, 5, and Sarah, 2, and drove to MWC for an Alumnae Council meeting. I stayed at Linda's West Musesmelle Inn. Linda and I "F" had a great time. Available money permitting we caught up on news. It was grand to see Sue, Susan Joachim and Kathy Friedman Levinson again. I hadn't been on campus since our 5th reunion and my visit in Nov. really made me start thinking and making your plans early too.

Finally heard from Fran Ryan '44ers at Christmas. Charley returned home from his second tour in Vietnam in time to spend Christmas with Fran. Ann (5) Frank, (11) Porter Durie and will be there till June when Charley attends the Armed Forces Staff College.

After three years in the Chicago area, Maundy Whieldon Cebrowski and family were transferred to Ft. Lauderdale. Fla. John is with Xerox—an instructor at their National Development School. They only plan to be there until late fall. Maundy has three daughters—Suzanne, 5, Elizabeth, 2, and Caroline, 1 and was expecting No. 4 last Nov.

Jillie Burch Southall, Philip and daughter Sherrod are still in Illinois. Philip started teaching again after he school year ended last year. Last June they had a wonderful vacation in Europe leaving Sherrod home to amuse the grandmothers.

Had a nice letter and lovely picture of these boys, 5, 4, and I from Barbara Vanney Williams. James started on a new job in manufacturing systems with G.E. in July. They have taken up square dancing again after seven years and Barb sings in the fine arts center chorus. Another Christmas note was from my son, Mark. He and his wife, Linda, are on a trip in now—Antonette and Kate are 2 and Carter and Diana are 1. Mary Lamb saw B.J. Coleman Hutter in June. B. J. and Bev are the proud parents of two little girls.

Congratulations to Jane Ghebauer Lanham on the birth of her daughter, Mary Ellen, on June 19, 1970. Brothers Ricky 8½ and Robby 6 adored her. Jane taught school (nursery) for two years but stayed home this year enjoying the baby. Husband Bob works for Control Data in Rockville, Md. They are living in Rockville.

Louise Hostetler Cooke's husband, Bob has almost completed his Ph.D. in Chemical Oceanography at Dalhousie Univ. in Halifax, Nova Scotia. They are hoping to remain in Canada. Daughters Hilary, 7, and Jessamine, 5, are in second grade and "primary" (kindergarten) respectively. Louise's former roommate Eileen Landry, now Mrs. Eileen Mann, had a baby, Michael, on January 12, 1971. Also, Louise's sister, Kathryn Sue Hostifield, was married on April 23, 1970 to Christopher Beaumont of London, England and Halifax, N.S. Kathy was MWC Class of '62 but transferred to MCV in medical technology. She is now working on her M.Sc. in physiology at Duke.

Good to hear from you girls—I'll be looking forward to hearing from more of you soon.

"B"

The day after I mailed in my last column, I received a long newsy letter from Courtney Linn Sjostrom who is now located in Winona, Ill., where John is employed with IBM & Associates. Courtney is involved in financial and real estate work and the usual community activities in addition to completely remodeling an old house. Their first child was born in January. She mentioned that Carolyn Frazee, whom we all remember so fondly, is an Alumnae Chapter in the Chicago area through which Courtney has news of several classmates. Tabbie debuts Cain and Tyler live in Lake Forest, Ill. and also with their 2½ year old daughter, Dylan. Tyler is a stockbroker in Chicago and they were due for a family addition in May. Linda Edwards is doing a fascinating job with Continental Casualty Co. in Chicago. She works putting out the company's monthly magazine and on all forms of publicity and promotion. Linda sees Carol Brown Mathews frequently. Carol, Matt 7½ yr. old Jessie moved to the Chicago area with her, with DuPont. Carol apparently has had quite a rough with several trips in and out of the hospital. Courtney sent along Carol's address (Mrs. Walter Mathews, 518 S. Vail, Arlington

Heights, Ill. 60005) in case any of you want to write her. Carol, I know I speak for all of us in wishing you a better year in '71 and we all pray for your return to good health, Courtney and all the best. Bob, whose son, Jordan who recently had a son, John Brink, The Nelsons are located in Dahlgren, D.C. Diane Meyer and Gene Schwarz are now settled at 961 Casanova Ave, in Monterey, Calif., while attending the Naval Post Graduate School. Round out our Christmas news is a card from Mrs. Carol Haynes. George '48 was promoted Art has left the USMC and is presently attending the U. of Tenn. School of Social Work. Their boys are Jay (2) and Ben (1).

The New Year brought a long and newsy letter from Carolyn Foster Mettola who is living in Annandale. I quote most of her letter—so you can get the idea well:

"I don't know what has inspired my contribution to the Alumnae News for 1971! Attended a Christmas party at the home of Peggy Parsons Hopkins '61 and Hoppy and party with many old MWC friends. Emily Goobly Martin, Jim and Sue, Jim and Sue, Jim Lee, who works for Xerox Corp., Becky Stannard O'Neal who lives at Weston with husband Carlene and son, Beau. Janice 'Dixie' Powers Newman lives at Weston with husband Erwin and son and daughter; and Jane Stinehart who lives in Atlanta, Ga. and son, Jim McLean.

Peggy and Hoppy just moved to Woodland from Dumfries. Hoppy is with Hancock Insurance and she has two sons, Scott and Brett. Our husbands all drink a lot during 'Our Home' week chaperone Suzanne Seiden Golden visited with us as did our son, Jim, his girlfriend and Jimbo, Jim's son, born yesterday in Denver, Colo. where Jim flies for Continental Airlines. We usually get together once a year. Nancy Gibbs moved from the D.C. area back to her home town in N.C. last summer. Emily hears from her and says she probably will be soon. Sue and Jim, Jim's wife, Karen, Schlesinger and Don and daughter and son were living in Fredericksburg I'm not sure what he does there. My husband, Joe, is with HEW in Washington, D.C. and have three daughters: Suzanne (5½), Layne (2½) and Rosemary (6 weeks). As for what I do to keep busy, if you could believe it, I am beginning to talk about it. I am beginning to organize myself somewhat, but three kids seems like an awful lot right now. They're cute!! We're looking forward to moving into our new house next spring—also here in Annandale." Carolyn you are such a wonderful organizer to get all that news off to me. Thank you for your most enjoyable letter.

My last little item of news came in a Christmas card from our class sponsor, Dr. William Castle. He wrote, "Believe I am busier than ever but that's what I am. Am happy that our time is limited. Take care of home and yard; restore old clocks and make new ones; visit and am visited by my daughters and their families. They are in Worcester, Mass., St. Louis and Detroit. Nine grandchildren—all but two are female." After so much time spent with MWC girls, I am sure Dr. Castle is right in staying with those granddaughters. I am sure also that he would love to see or hear from any of you when you are in the Fredericksburg area.

This really has been a lengthy column but I hope that is a sign of things to come. That's why I am sure that "71 will be a year to remember. My next deadline is April 1st. I'd like to point out that the deadline is the date by which my column must reach the Alumnae Office. Therefore, the column is usually written and mailed about five days ahead so you should try to get your news to me as soon as possible. Also, may I say many thanks to all of you who have made this column possible by sending news. Couldn't do it without you and you helpfully keep up the good work!"

Linda spoke with Alice Hefner Bruckner '61 whose husband John is in the German Dept. at MWC now. Linda and her son, Carl and Linda Nelson who recently had a son, John Brink, The Nelsons are located in Dahlgren, D.C. Diane Meyer and Gene Schwarz are now settled at 961 Casanova Ave, in Monterey, Calif., while attending the Naval Post Graduate School. Round out our Christmas news is a card from Mrs. Carol Haynes. George '48 was promoted Art has left the USMC and is presently attending the U. of Tenn. School of Social Work. Their boys are Jay (2) and Ben (1).

Carolyn has moved to Woodland, Calif. Mrs. Carol Haynes' baby was born in June and Nancy is back teaching. Paula is content at home with their new daughter. They live near Betty Waller in Woodland. They live near frequently.

There was a change in name for Claire Marchant '58, who became Mrs. Stephen Zafal on November 7, 1970. Her sister, Anne Marchant Long '63 of Richmond was married to her. Now Claire and Steve will live in Greenwich, Conn.

Change has meant moving for some girls. Betsy Johnson, Rule's new address is 1608 Cathy Lane, Apt. 203, McLean 22101. Marilyn Barrow, 601 S. 2nd, Kansas City, Mo. has moved to Painesville, Ohio. Mrs. Barrow, a former MWC student, is now a nurse in a local hospital. She is out of the air force now and is a doctor at the Manassas Medical Center while Pat teaches reading in Fairfax County.

Another teacher in the bunch is Joyce Liggett, Mrs. Liggett teaches French in Drexel Hill, alternating her hours between Tues. and lesson plans! That keeps her busy!

Another way to keep busy is to have two babies in two years. See Croquette Bang will soon be a mom. She has a boy and a girl, one month and 24 weeks. But that's not all that occupies her time. She is her Maryland MWC Chapter President, she sews, and she entertains her husband's Pakistani business friends. Jim and Darlene Schaefer Allison '63 also have two boys close ones. They adopted one son and soon after one was born to them. How can you beat it?

Mary Lit Besdies '62 and Conway Kehoe are busy with their two children, but she still finds time to be creative and productive outside the home. She sells handmade items at art fairs in such places as Warrenton, Berryville, and Williamsburg, Va.

The fall Alumnae Council was a good time to get together with some old friends: Sue Rutledge Joachim '63 held the record for coming the farthest from Cincinnati, Ohio. Mrs. Roberta L. Lamm '63 of Akron, Ohio, enthusiastic over VCU's sensitivity training sessions: Ellen Dueback gave out news of her engagement in between pleas for more money for our alma mater: Sue Chiquette, Baird and Ronis Ellis Smith were also present.

One thing we learned at Council was that the tables are being turned these days. Mr. Michael Houston was remembering the days when Ann Kiddle Houck was babysitting when his children were youngsters. Now those same "children" are sitting for their parents.

Mr. Synder Mitchell had the final word for alumnae returning to MWC. He said it takes courage to return and have dreams shattered in seeing the changes that have taken place since ones college days. Perhaps his words will encourage a colleague for you who have not returned to come back to Fredericksburg and see not only the changes but also the progress. There is a lot more to be proud of now, so why not plan a trip to our next reunion?

Judy

Thanks to many Christmas cards and some letters too, I have lots of news to share with you this time. I want to extend my thanks to each of you who has taken the time and interest to write. Keep the letters coming.

Elizabeth Reuter Martin wrote a pre-Christmas letter. Betsy and John live in Cherry Hill, N.J. and have two children. The first was a boy and the second a girl. Both are healthy. Betsy sent news of Barbara Kelman Latham, who married Roger, lives in Washington, W. Va. Roger is employed by duPont, and the Lathams have two girls, the younger born in October. Also from Betsy: Tammie Keivondo Charles is now a boy and Augustus Betsy and Barbara Harper Carter are each other fairly often, as Barbara and her husband live in Cinnaminson, N.J. not far from the Martins.

Susan Armitstead Evangelion's Christmas card brought exciting news. She and Harry are expecting their second baby in April. Their first child, George, was 7 years old in December.

Nits Sanders Parrot's card was also new. She is still working in New York, but is taking courses in interior design and hopes to break into that difficult field.

Here we are off to a new start in a new year. Time never ceases to bring changes into our lives, as evidenced by the loss of some dear ones.

I guess the most welcome change of all is the change that a new baby brings. Ronde Ellis Smith will soon experience this when her first child is born in May. She and her hubby will also see the change of moving into a house they are building

She also went to England and Russia on her vacation last Sept. Nita sent news of Kay Rogers Sheppard who now lives in Chevy Chase, Md. and teaches dance in a college in the area. Kay has her master's of dance.

Page Perkins Newman wrote from Park Union where she and the daughter Page live. Page Sr. teaches first grade and loves country living.

Susan Turner Weaver and Scott in New Port Beach, Calif. are constantly busy. Susan is coaching the girl's gymnastic team at the school where she teaches. This is the first year for such a team and does exports the girls to compete well. She and Scott have started a Gourmet Supper Club with several other couples who meet once a month to share new and exciting foods.

Malinda Sayers sent greetings from Salem where she teaches school. She went to Europe last summer for a language course and is currently working as a teacher for next year but has no definite plans yet. A card from Margaret Roe told me she's living in Washington, D.C. again, but where are you working, Mag?

Linda Jones Peterson wrote that Fred is teaching at Princeton and is working on his dissertation for his Ph.D. They plan to stay in Princeton until June 1972 and after that places are indefinite. They are expecting their first baby in February, and he and she will continue to travel by the time they begin their search.

The Petersons entertained Barry and Linda Readings, Pulles and Roger and Janet Bagg Fresenbruch for dinner recently. The Fresenbruchs live in Drexell Hill, Pa. while Roger attends graduate school and Janet teaches in a ghetto area which is part of a real estate company. They also ran into Vass Thrasher Bouman and her husband in a restaurant. The Beaumonts live in Norristown, Pa. and have a son about two years old.

Judy Finger Bradley sent a news letter. Carolyn Hayes and her husband Tom, to Judy tell of the expected arrival of their first child in March. Carolyn and husband live in Manhattan in a "dream" apartment which has a loft for her studio. Judy talked with Marie Marciac during the holidays. Marie has been teaching at the home-school, Calif. for seven years and will be eligible for a sabbatical leave next year. Gay Hazelwood was a New Year's Eve visitor in the Bradley home, and Judy says Gay leads an exciting life. She works as an advertising consultant. Ken and the couple have been spending their spare time skating in Vermont. Judy also met Beverly Bird Miller '63 in a supermarket. Beverly and her husband have a little girl and have lived in Md. four years.

More from Judy. Leslie Pastics Siloway, who married WUC until Jan. 1963 when she transferred to Boston U. and her husband Chip lives in Wilton, Conn. Chip works for Pepsi International, and they will be living abroad soon. They have two sons, Devin and Darby. And as for news of Judy herself, she and two children Sandra and Michael are living in Rockville, Md., 17 miles northwest of Baltimore. Chris continues to work with the Justice Dept. and Judy taught a volunteer course at Catholic Univ. last semester. Chris plans to enter law school soon.

In Judy's letter, she informed about Sandra Maschinski who graduated from MWC until Jan. 1962, and by coincidence a letter arrived from Sandra the next day. Sandra wrote that she attended Bereau College in Georgia after leaving MWC and graduated with a degree in English. Then she went to a school in Atlanta and after a six months course began working for Price Waterhouse and Co. an accounting firm. She held this job for nearly five years, and then decided to move to Calif. where she now lives in Berkeley. She is working for the U. of Calif. at Berkeley on a continuing chemical technology books and preparing films, etc. for a two-year post high school program in chemical technology. Sandra's particular job is administrative secretary but she does "quite a lot of editing" so it's not surprising that she has a lot of time. Sandra makes all her own clothes, makes clothes to sell and studies acting. Sandra included news of Jessie Weisiger Dyess. Jessie earned a graduate student at U. Va. last year. Jessie now works as a teacher-administrator at Bowles Academy in northern Florida. How about some current news from you, Jessie?

My exciting news is that Ben and I expect our second child in April. Charlie will be 20 months old then, so our household should be full but hectic for a while.

Recently I saw Peggy O'Brien Deibl. She and her husband live in Reedsdale, not far from us, where he is in the menhaden fishing industry. They have a daughter born Aug. 1969, and Peggy teaches school in the elementary grades.

I hope you will receive the news. I hope to hear from each of you long-lost classmates. So sit down and write while you're in the mood.

Carol Smith

Hi Girls

Christmas brought news of some of our classmates. Sue Collison Tate and Bill are still in New York City while Bill attends Union Seminary. They're enjoying "Winne". Their daughter born in April 1970. Shelly Shewell is still in the U.S.A. in Va. as Janice and is working in the U.Va. library. Sue Arthur Williams has a new daughter, Sarah. Sue was born in May 1970. Barbara Wyatt Wood and family have moved to North East, Pa. with G. C. and Evelyn Branson Sanders. Barbara is a nurse. Mike, who is a social worker and he is a visiting teacher. The above news came via a wonderfully full Christmas card from Mary Saunders Harris. Karen Sandy and Wuthers are expecting their third child in March.

Susan Urbaugh Nicholson, who became Mrs. Gordon B. Nicholson III in June 1970 in New Market, is an administrative dietitian at the V.A. Hospital in Houston. Texas. Susan recently visited with Nancy Griffin McMichael and her husband, Jim. Jim is a pediatrician and Nancy and Mike, who is a pilot for American Airlines, have two sons. Susan bears from Bronnie Jones Polk and her husband, Bob, who are still in the Air Force in South Dakota. Susan would like to get in touch with other alumnae in the Houston area.

Thank you Sandy and Susan for helping us keep in touch with our classmates.

Hope you all had a very happy holiday season. We spent a week in Norfolk which was quite hectic, to say the least.

While Norfolk I was in the usual group of MWC buddies: Mary Lou Skeeter McDonald, Carolyn Keast, Carol Hambleton, Carol Hambleton. Christmas card pictures of Mary Montecourt and Chuck Goodfellow's daughter Carrie and also of Jan and Vicki and their baby daughter. They were both darling children.

Brian and his wife and husband John have received orders for Calif. and will move in February when John returns from overseas. I saw baby Jennifer Thanksgiving day. She is a beautiful big girl with blonde hair. Brian agrees with me that motherhood is a FULL TIME job. Brenda is taking courses at ODU, working toward her Master's in Education.

I finally heard from Judy Strawbridge Deibl. She and Fred have moved to Kinston, N.C. where Fred is managing a furniture company. They're expecting their first in June; needless to say, Judy is thrilled! They have a four-year-old four-bedroom home which Judy plans to redecorate when she stops teaching in March.

Abbie Donald Tiller and George had their girl, Jamie, Catherine—born 27 October 1970. She is a beautiful, healthy, dark-haired baby with lots of very curly black hair. The Tillers recently moved to Waterford to an 18th century home.

I recently heard to Jessie Hartman Miller who attended MWC our freshman year. She, husband Ed, and 2 1/2 year old Brian live in Vienna.

I have really enjoyed hearing from people I haven't seen or heard from in almost six years (they are getting old!).

Jeanie Wright Kirby, who went to U.Va. years ago, writes from Pemberwick Pines. Faye where she and husband Karl have lived about a year now. They have a daughter Kristina Lynn born on July 28, 1970. Karl is a manufacturing engineer with Milgo Electronics.

Jeanie's letter was filled with news.

Barbara Stiles is living in Alexandria,

working on her doctorate in Biochemistry at Georgetown Univ.

Susan Miller, who left MWC for the U.Va. School of Nursing, is now in her first

year of medical school in Chicago, Ill.

Lynn Riley Cole and husband John are living in Lakewood, Colo. and are expecting their first child in February.

Susan Austin Claassen and Steve have two girls, 3½ and 1½. They are planning to move to Monterey, Calif. in February where Steve will attend postgraduate school at Stanford.

Betty Bodreau Lewis is living in Mt. Carmel, Ill. where husband John is in FBI school. Their daughter born in April 1970. Shelly Shewell is in the hospital. She and Bobby have two girls, 2½ and five weeks. After the younger child was born, Shelly had a heart attack and was in a collapsed lung and has been there five weeks. I hope everything is fine by the time this goes to print.

Becky Seal Shepherd is busy with five month old Jennifer and her husband, Ed, is an orthopedic hand surgeon. Becky's husband, Bowie teaches at Tucker Jr. High and the Collegiate Schools in Richmond. He finished his masters at William and Mary. Stephanie Caton is a registered nurse and her husband, David, a 12 month old son, Chandler, 18 months, came to visit. Betty and Bowie over Christmas and to be godparents to Jennifer. Steph and we are stationed in Bermuda (it's a rough life, Steph!) and we are looking forward to living in Charlottesville for five years doing medical school and internship. Jeannette Baker Pollard '64 and her husband, Henry, live in Richmond with their three boys. In addition, Tom and Dennis Eastman, and his husband, Tom, were nominated Teacher of the Year. Martha and Tom, in addition to both getting their master's degrees at U.Va., have been building their careers.

As for me, George and I moved to Richmond in '66 after three years of graduate school at U.Va., where we both got our master's degrees. George is a professor of Virology at the dental dept. with Mary. Sal Lipsig's husband Fred) and is working on his dissertation to finish his doctorate by June 1972. Jim is now three and interested in everything. This time last year I was in the hospital with pneumonia and a broken toe, so much so, that I am now in and busy teaching three courses at Virginia Commonwealth University. Many of my students are older than I am, but teaching college is really a discipline problems or perhaps the cafeteria!

The next deadline for class notes is May 1, so please, please find the time to drop me a card.

Alice

Will winter ever be over? In spite of the cold weather, I have received many nice letters from some of our classmates and I hope that you will do the same.

Copie Kessler Stoerber, who enjoys home life with her two children, ages 5 and 2, has become an active member of the Richmond Chapter of MWC and as a result has discovered the fun of renewing old friendships and making new ones. Husband Loren is a highly regarded pediatric residency at the Medical College of Virginia.

Rosemary McCaffey Schallert writes that she and husband Gerhard are busily involved in "despolishing" their young son who was born last September. Their home is in the Shenandoah Valley near Harrisonburg, Va. They are looking forward to just having visitors. She has planned some news papers Klein Rowe, Robert and son Michael, 1½, are in Richmond Anne James Landes, Jim and two children, Jamie and Katie, live in Puerto Rico. Judith (Friedrich) and Charles are twins. They are in the Pomeroy, where their son is in the Marine Corps. Carol Howard lives in Atlanta, Ga. where she has her own craft library and Dorothy Laudenberger Smith and husband are in Norfolk.

Kathy Burke House and husband Bill are both in medical school at the University of Virginia. Kathy is going for her master's in math education and is also very busy with art, two young girls, Kobey and Susan.

Margaret Cobain John '66 is teaching third grade in Frederick, Maryland. She wrote that Lisa Corder Griffin is in MWC. Don and Diane are in the Pomeroy, whose husband Barbara Hagemann Hester, Meg and I had a reunion over lunch one Saturday and thoroughly enjoyed talking over old times.

Irene Fulcher Bouroudjian writes that she is enjoying her role as a kindergarden teacher at Forest Glen Elementary School. Barbara Staples Burdick is in Cal. with her son who's husband Dan goes on long cruises with the Navy. Ann Fenster is still an airline stewardess flying all around the world. What a life!

Karen Woodridge Stone, husband and their three children are in the Pomeroy.

I hope I'll be hearing from more of you real soon. If any of you ever get to Baltimore please call. I'd love to hear from you.

Harriet McGraw Vincent sent news that she and her husband are in the business of M.W.C. M.W.C. the business of M.W.C. Virginia Beach and then for 2 years in Japan. St. Michael's International School in the city of Kobe. After returning to the U.S.A. Harriet married Tom and they now have a son Ross who is about to have his first birthday.

The appropriate song in our family is "Watching Scotty Grow." He is such a joy (and so full of mischief!) He enjoys Florida living almost as much as his mom and dad do. (Picnics in the mud, swimming, etc.) I would like to go back to Boston again. The first Christmas in our new home couldn't have been better. Three sets of houseguests were here for the holidays, including my parents who were on a month's vacation. But we'd love to have more visitors any time, especially MWCites! Just let us know when!

At least, let me hear from "y'all" soon!
Don't forget our April Reunion!

last summer when I answered the phone! It was Susie Blankenship Capone '68 who is the president of the MWC Alumnae Chapter in Boston. I attended their tea for incoming freshmen and was very happy to see Sere Page Cody May '64 and her husband, Peter. Benjamin '65, Bertie Barry Kramer was also there. She and her husband are expecting their first child in the spring. They've bought a home in Canton, Mass., which makes them practically neighbors.

So, as you can see, it is now and I won't feel guilty for another two years. Nothing much is new with us. Jimmy will be in June and is quite a character. We're gradually furnishing our home in Foxboro (which, in case you're a sports fan, is where the stadium for the Boston Pats is located). We're about 20 miles South of Boston and 25 miles from Providence—about 10 miles off Rte. 45. I wish anybody going that way would stop by or call. I appreciate you taking the time to pass along all the news, Joan.

Herb and Linda Hulsey, Chris are finally here! They've been married and have a home in Lynchburg. Chris is an Assistant Bank Examiner for United Virginia Bank Shares. They seem to be very happy being back in Va.

Charlotte Verne McNulty wrote at Christmas that Mae would be out of the Navy as of Jan. 19, 1970. They were planning to move to Lynchburg, where she will work in the just-departed office of a bank with Sept. 1, when she hopes to enter W&L Law School. Charlotte was anxious to get settled in Lynchburg as their second child was due the end of Jan. Their little Stephanie is fifteen months at this writing in March.

Geode Klink and Robert are in Richmond working on his completing his fourth year in medical school at VCU.

Jo Waechter Taylor and John welcomed the arrival of their first son, John Champneys, Jr., on their third anniversary, Dec. 29, 1970. Little Champneys weighed in at 9 lbs. 9 ozs. The Taylors are enjoying being settled in a house in Jacksonville where John is practicing law.

Sked and I are getting ready for the arrival of our first child in April and are quite impatient. I hope to hear from others of you really soon as it's great fun receiving the news and passing it along to the rest of the class.

Betty

Happy spring everyone! You have been generous with your letters; please keep them coming! I have a new address, which you can see above: Murray and I are expecting our first child in June, and fell some large quartz crystals.

I heard that Nina Weber Turney and husband David were expecting their first child recently. They are settled in Dayton, Ohio. Nina was teaching until her early "retirement."

Sue Peaseologic Leach is in Edison, New Jersey with her husband Steve, stationed in the Marines until recently. Steve is now working for a corporation there. Sue should have quit teaching by now; her baby is due in March, I believe.

Gloria and Lynda Therpe Updike had their second child last post summer. Her name is Kelley Lynn; she's their first daughter. Congratulations!

I just found out that Virginia Ellis Talbot has been married since July 27, 1970.

Several bridesmaids were MWC graduates; Sue Sorenson Collins (Mrs. Michael), Gayle Atwood Channer (Mrs. Warren), Susanna Lyle '65, and Nancy Adams '68.

They are now living in Richmond.

I also heard that Robin Poos has been married to Richard Spence. They're living in Washington, D.C. That's all the information I have for the present.

A very newsy letter came from Auo Wook-sun Williams. She and husband John plus their two year old daughter, Melinda, are stationed in Rota, Spain, near Cadiz. While John is away she busies herself with teaching three-year-olds Spanish. The Williamses expect to be at the Naval Base in Spain for another year.

Anne wrote that Wanda Hamby Moffett is teaching the second grade this year in Richland while her husband, Bob, is working with one of the television stations.

Also, Barbara Krammer, Brattleboro, Amis Kurnegay '68, is teaching while her husband, Jim, is working on a law degree at T. C. Williams of the University of Richmond.

Peggy Wilkinson Jennings is in Waynesboro with her husband Tom at last report. Tom is out of the service.

Betty and Elizabeth Corneli Fiske are fortunate enough to be stationed on Ford Island, Hawaii for a Navy tour.

Was I ever shocked to hear a southern voice

Cam Ware Adams and Dick are stationed on a Naval base in Sigonella, Sicily. Cam and Dick have a little son now; Cam hopes to get back to work on her thesis in biochemistry soon.

Murray and I don't get such "exotic" tours in the Army, but we're delighted, of course, that he will not be going to Vietnam at all this year—or the next, we hope! We're very happily "settled" here in Baltimore; Murray is the Post Judge Advocate at Fort Holabird.

Many thanks for your news.

Jeanne

Between my recent wanderings and your Christmas messages (I didn't forget you—I addressed all my cards to you and mailed them. Maybe next year), I have heard news of quite a few. So, once again I decided to add my "bit" to the class news column.

Betty Skinner Caselli really deserves to be mentioned first because she wrote such a nice, enjoyable letter. She and Ed were married in November 1967, then spent the rest of that year in the Williamsburg area while he attended law school at W&M. They moved to Richmond in August 1968, when Ed began med school at MCV and became Director there. Since then, Betty has attended Tufts, Jr. High School with Pat Johnson Organ '66 Leo Cascio, Bettie Passamack Webb '65, and Carol Sexton '69 until last summer when daughter Amy Davis arrived.

With still I still remember I ran into Lou Caselli one evening recently and was so delighted to learn she is to be married. Lou, will you send us the particulars?

Back to Betty, who sent news that Cindy Sydney Pierrey was expecting in January. On my trip to Atlanta I hope to see her again. Cindy and I have been friends so we never did cross paths. Please send more information, Cindy. Betty also reported that Bill and Laurie LaSance Kennedy are expecting and that Ce Goode Klink's dad had been very ill but was doing much better. Mary Mac Blanchard Harris is teaching again this year, and all is well with her.

I heard from Marti Blair Harrison '70 who reported that she and Nicole will be in Fredericksburg for MWC summer school this year.

A short message from Jean McKenna Patterson said that she and the girls will be in Lynchburg for a year while Michael '68 is gone—I assume an overseas tour of duty, perhaps Vietnam. Joan, will you let us know when you arrive back here.

Shirley and I are looking forward to meeting our new teacher, Mrs. Nancy Ayres Penner '68, who is teaching English at a community college near Front Royal and loves it.

I went home to New Jersey at Christmas and spent a few days at the old history house at Princeton. While there, I was doing research for papers. Would you believe that the first person I saw was Jane Wolfe Rehl '68, who is working in the library. She said they love Princeton and that her husband has a temporary job in the area. Then we went to lunch in Princeton and were both amazed to learn about her recent date with an MWC girl—he was impressed with her. It's a small world!

Early in January Pam Tompkins Vance '68 and her husband, Jim, moved to St. Louis grand and is as full of life as ever. I might add that Sally has her mother's love of people at age 9 months. Pam has settled in Virginia Beach and began graduate work in English at Old Dominion University.

Later that month I went to Atlanta for an alumnae chapter meeting I stayed with Eiley Pitts Smith and Terry, who will be there through August while he studies for his MBA. Meanwhile, Eiley is teaching first grade. Sami Saitra Pitts, who is working in the library, is the other chapter. She showed me a picture of their daughter, who is a real sweetheart! She asked about Barbara Barry Kramer, Laure Griffin and others who live in Massachusetts. Won't you send us some news? We wonder if you...

I saw in the local paper that "Ditty" Harrison was married to Donald Lee Jones recently and are now living at 201 East Fremont, Apt. V-2, Littleton, Colorado 80122. The last news I heard from Patti Marille Rehman '68 was that she was pregnant for the second time. Good luck! Patti and I have talked about getting the 67ers in the D.C.-suburban Md. and Va. areas together for coffee. Did you know there are 70 of us in the area? So, if you get an invitation in the next few months, do come. Perhaps we could have mini-reunions in Richmond and the Va. Beach areas too. What say you?

Meanwhile we're thinking ahead to our 5th reunion in 1972. You'll be receiving a questionnaire soon about what you would like to see on the program. Please respond—we depend on your ideas.

Last but not least, I'd like to make a plug for the Fund. We haven't raised much in recent years but it has stretched a long way—almost \$20,000 in grants to 75 students, alumnae and faculty members for research or study. And now comes the news that Margaret Smith will spend April 29th at the University of the District of Columbia under the program sponsored by your gifts to the Fund. There are so many more things that we as alumnae can do for NBCW. But the name of the game, at least in part, is money. So if you have that extra \$100, \$200, \$500 to the Alumni Fund by June 30th, I'm hoping that our class will have several members of the Century Club (\$100-\$400) but, if not, please be as generous as you can.

Thanks for listening—and I'll be hoping to hear from you.

Ann

An interesting word from Mrs. Edward B. Carter that daughter Susan has been transferred from Bain High to Cla-Lau-out of the Mekong Delta to more lush surroundings plus beach. There is no doubt that she is a good student and a credit to the Alumni Fund. By June 30th I'm hoping that our class will have several members of the Century Club (\$100-\$400) but, if not, please be as generous as you can.

Thanks for listening—and I'll be hoping to hear from you.

Welcome back to Richmond, Neless "Puck" Pecken Sunbeam, Trigg and daughter Ashley! Myrtle Beach's loss was certainly our gain! Trigg has set up his dental practice here in Richmond as well as a two-a-day-wk practice in Lexington.

The fall brought a chance for Dede and me to get to a little travel and our wanderings happened to take us to beautiful Louisville, Kentucky. Our host and hostess—none other than Loiselle Stillman Greenwood and husband Jerry. They were so nice and so hospitable, so could we not stay and settle in Virginia or North Carolina when Jerry gets out of the Army in a few months? Lawson threatened to deliver their first child while we were there, but instead waited until the New Year—January 1st! He's all boy—named for Jerry, but called "Dede."

Don't know what I would do if it weren't for weekly bridge club. News from there is certainly more constant than anything coming in the mail. Please write.

Sherrell Fosher Smith '66 was in the military and is now a nurse. She will graduate Christmas and can marry Mary Jo Tatum Larkein's mother, a part-time nurse. Mrs Tatum said that Mary Jo and Erane are looking forward to June when Erane will graduate from medical school at the Medical College of Virginia. She will then start her residency in the service to contend with another bridge player, Julia "Penry" Wheatecroft. Waters announced to us recently that she and Bobby are counting the days until June when their first child is expected. Congratulations!

Start writing to see some new names and activities in the next issue. Don't let us "lose" you. Please help!

Our second winter in Raleigh has been much like our first—very chilly weather but little snow. We're still going to school, if you can call my one course a semester, that and beginning to wonder just where we will be moving when August arrives.

By now Betty Pagels and Ed have celebrated their fourth wedding anniversary. Betty wrote to say that they purchased a house right at Virginia Beach last June and are eager to hear from anyone in the area. Ed is in the apartment business in Norfolk while Betty is teaching Spanish at Plaza Junior High at the Beach.

Another good surprise in the mail was a letter from Linda Edele Matthews. On the day of the eclipse, March 7, 1970, she became Mrs. Henry W. Matthews. Linda is a historian, graduate of the University of Virginia High School in Portsmouth where Linda is also teaching. They're both busy, aside from the teaching, with language courses they're taking at night.

From Linda's letter I did learn that there is another 69'er at the University of Va. Any Dane Thompson is still working for the government while Bryan continues at Duke Law School. Christmas must have been a very exciting time for them with a trip to California on the agenda.

Linda had also seen Frances Dresbach Martin, one of her roommates freshman year. Frances left MWC at the end of her sophomore year to transfer to MCV. She and her husband, Stewart, stopped by to see the Matthews before Christmas.

Another former classmate who also left the University sophomore year, Susan Terry Hackett, dropped me a note over the holidays. She and Jim were married the winter of our senior year and have been living in Fort Knox. Ky. Her Christmas note carried the news that Jim left in August for another tour of duty in Vietnam. Linda is now a sophomore at Xavier College in Xavier, Kansas where she is completing the hours needed for her degree.

A former summatee of mine has finally received her degree from M.V. Washington. Linda Williams graduated with a teaching degree with the rest of the Class of '70 because of an automobile accident just a few days before graduation, received it in the fall of this past year. She spent the months after the accident in her home in New York State recuperating and recovering by a neck brace. Now she's back at Fredericksburg teaching eighth grade English.

It seems like Georgia can boast of a lot of '69ers. Kimberly Sample Birrell is in Augusta working for a stock broker while Sam is stationed near Atlanta.

Elaine Elliot is still enjoying flying for Pan Am. The last letter I received was written somewhere over the Atlantic on her way to Rome for a week's vacation.

That's about all for now. I'm afraid your letters have been far between. Who's not joining the bridge club and sending it to me? Are you thinking about it? I'll premise to get it in the next newsletter and your classmates would really enjoy it!

Such newsletters—including one from a new member of the A-C group, Betty Lou Pendleton—showed up in the fall. Alice Blow, Shirley and Dennis Alexander, and others in aerospace engineering management for the Dept. of the Navy, and she's a staff associate in the math statistics group of C&P in D.C. Sounds like they're both being kept busy! Heard from Eleanor Landau, Mills, too. She and Dennis were represented there by Pat Schatzman and Anne Potter—who were both bridesmaids—and by Sandy Beswick and Lynn Cox Alt '71. The Mills are working on their 10th in education systems at Stanford. Eleanor is there working as a secretary in the Placement office for the Director of Humanities and the Director of Engineering and Science. They're enjoying the San Francisco Bay area and are interested in the alumnae group there.

Received a letter from Betty Lee Owens Clegg and Carol Chris returned from Vietnam in June and after several months of visiting family and friends, ATC school for him in Brunswick, Ga., and their first experience of living in a trailer, the Christys began to travel again—this time across country to Japan. They took TWA to APB en route to Okinawa for two and a half years. Betty promoted more news later—had to like to hear how she likes it there.

Sue Burke wrote from Virginia Beach—she and Maggi Elshay share a house with Lucie Klune, whose sister is Mary Kline '67. They have two blocks of time to go to the beach. Sue is taking world geography and American history to the freshmen and juniors at Woodrow Wilson High School in Portsmouth and Maggi is working for the city of Chesapeake as a social worker. Both are enjoying life at "the beach." Maggi and Reid Brant have wedding plans for this summer.

Liz Vantress sent along a copy of the "Second Annual Framar Newsletter," which contained lots of info—thanks, Lizzy. She reported that Marla Price is working in Richmond with A. C. Robbins and is editing reports for two chemists there. Joanne Stucker, teacher at MCV, is in the U.S. Air Force, going to Baylor University, and is working part-time as a cab driver—true, Joanne? Bev Alexander is living in D.C. and working on her master's degree. Last report, Susan Wagner, Kathi O'Vearley, Barbara Blythe, Linda and Linda are in a house in Washington. Susan is doing graduate work in American Studies at G.W. and Kathi is there in the Law School. Liz is employed by a publishing company and is reviewing manuscripts and writing book jackets. Hear that, potential authors? Barbara is a case worker for Congressional Grade R-Mel and enjoys working on "The Hill."

So much for the correspondence. Pam Miller, Kirby McConnell, and I are alive, well, and teaching in Woodbridge. Pam has 19 lively second graders, keeps math algebra now than we ever did in high school! Elaine Wilson and Susi Dufley live near us and so we see them often. Kathy's roommate of three years, Kristy McCoy, is in graduate school at U.V.A., and we see her every month. Linda and LeAnne, their neighbor-sisters and Lt. John were married on Aug. 8 in the Quantico Chapel. Let us hear how life is now that you two are civilians. LaVerne Warlick is another member of the class who's teaching at Woodrow. Sr. High School—as are Pat Ayers, Paula Boisse Kemp '69, and Claudia Cunningham '64.

We've had several visitors here—we enjoyed having my roommate of two years Loren Lawler with us for a couple of days before Christmas. There was so much visiting and catching up to do! She's working for the American Red Cross in Virginia Beach.

I've talked to Jane McKenzie and Marion Moncure twice. They're in White Plains, NY and working for AT&T, and are having a great time living so close to the "city." Jane and Marion are engaged and plan to marry this summer.

William and Sesia Johnson Gillette were married on Aug. 15 and Bettie Brooks was an attendant. The next weekend, Aug. 22, Sesia, Bettie and Lee Howland were bridesmaids at Jeanne and Jim Roddell's wedding. I saw all six of them in Fredericksburg right before Christmas. It was such fun to see them again—all were looking well.

Nancy Sorenson is teaching music at Germantown High School in Rockville, Md. Her roommate at MWC, Julie Wiesen, has a new roommate now. She became Mrs. Tony Sales on Aug. 15 in Winchester. They live in Charlottesville—Tony is in grad school

in U.Va., and Judy is teaching math.

On the home front again—I returned from a nine summer in Europe three days before reporting to school here—and that was pretty hectic. On Sept. 24 a son Matthew was born to Doug and Lynn Simey Campbell '66. My sister and brother-in-law, they are living in Inverness, Scotland. Their other son, Peter, is 10. Their daughter, Anna, is one. They are now a remarkable young family. Did you guess Matt's my first nephew?

Again, thanks to all who wrote. Let me hear from the rest of you, particularly in the A-C group, so we can all keep up with the Class of 1970.

Lucia

Dear Classmates,

Thanks to those of you who wrote such newsworthy letters this time. I'd like to see more of them, especially from all of you who have written.

Receiving a half letter from Conde Palmer Hopkins, who is working as a secretary for the School of Hospital Administration at MCV. I gather it is not her ideal job, but she says she likes the students. Conde is planning a trip to Hawaii in October. Since last June, Sandy Morris Klemmer is also planning a trip to Hawaii to meet her husband Rich about the same time. Sandy is living with her parents and son Richard in Richmond until Rich returns from Okinawa. I know that they will be real welcome in our door, make sure another Richmonder news is Alison Hartwell, who is working for the Youth Opportunity Center.

I occasionally see Debbie Walker Powell and her husband Kenny, who is a first year med student at MCV. Debbie is working and Karen is a sales rep for Merchants Bank, but I haven't been able to figure out exactly what she does.

Now for some news from the rest of the world. Frances Cone and Carolyn Woodward recently returned from Europe where they spent several weeks. They are now in Paris, France. Neither one of them has managed to reconcile themselves to the mundane routine of working yet and they are still unemployed, but "looking." I also received news of Catherine Lorraine Romano '71 who is planning to spend next year in Europe with her husband John, who is presently a graduate student in English at Yale.

Brenda Jennings wrote from Salem, Virginia, where she is living while teaching school in Roanoke County. Margaret Dresbach Thomas '68 is one of the teachers at the elementary school in Luray. She has been married to Sam Perry and is now living in Fredericksburg while teaching school in Stafford. Kaye Mitchell and Dave Kingsbury were married in Fredericksburg and are now living in Luray.

The former Charlotteans have it that Cathy Neale and Karen Stoff are both planning summer weddings. For those of you who were wondering, it's true.

Please let me hear from the rest of you, that's all for this time.

Karen

I'm afraid that Jane and I missed our last date—not due to lack of news though just our precrastination.

We've heard from Margaret Lawrence, sharing an apartment with Bev Alexander and Tom. They are both working for the Teacher Placement Service of the University of Richmond and also in Richmond is Tina Karmazin Krause while Paul is at T. C. Williams Law School.

Edie Morrison Bare is living in State College, Pa. Henry attended school and worked for the University of Pennsylvania and is now working at the Record Office at Penn State Univ. They were married on July 10 in McLean, Va.

Barbara Lee MacLucas writes that she is working for Catholic Travel Office. Hodson Travel Service, Inc. as a travel consultant and has recently been chosen to conduct tour of the Orient.

Studying for her master's in Medical Librarianship at the Univ. of Kentucky is Pat Piermattei. She plans to finish in August and hopes to work somewhere in the Northeast this summer.

Tonya Lee Bett Nickson wrote that the baby finally came—a girl on Sept. 25th, named Shaw Nicole (Nikkie)! Congratulations! Kathy Thiel and Diana McGuire have moved to our area. Kathy works in Manhattan for AT&T and Diana for the Weather Dept. in White Plains. They live in Bronxville.

Tom Sculley is teaching music at Germantown High School in Rockville, Md. His roommate at MWC, Julie Wiesen, has a new roommate now. She became Mrs. Tony Sales on Aug. 15 in Winchester. They live in Charlottesville—Tony is in grad school

Getting to the rest of you newest alumnae—June 7 seems so long ago, yet it's hard to believe that we've been out of school as long as we have! A very big thank-you goes to all of you who took a minute to write. I've gotten several nice

tickets for a football game—New York Jets and Oakland Raiders (who else????)—that we have managed to find for her. She seems to be enjoying her job at N.S.A. and is in the process of planning her wedding to Dennis. She became engaged to Dennis Manley, also working at N.S.A., on January 23rd. Carole reports that she has just recently seen Maria Vrattas, who's working in D.C. Barbara Jo Wood and Jan Sullivan are married and are moving to Alaska where Tom will work and Jan will go to school.

Speaking of marriage we heard from Brenda Martin Butler that she married William Patrick Butler of San Francisco on December 26th at St. Mary's Catholic Church in Barnesville, Md. He's a purchasing agent for Bechtel Corp. in Gaithersburg, Md. They are living at \$24, RT 10, Poolesville, Md. 20837.

We drove down to Williamsburg on October 16th to see Ann Barr marry John Butler. They lived in Camp Lejeune until December when John got out of the Corps and they will return to Quantico to be trained by the Marine Corps. They are getting married in the wedding and many more were at the wedding. Carol Pearson Beardon who is back at Quantico with Jim Lynn Wordes Wright, Leroy Lawler, Clare Woodwell Houseman, who is still in Quantico, and Linda Jordan who is back in school and Linda Jordan who enjoyed her summer in Europe and is now teaching in Stafford County and living in Fredericksburg.

James became engaged over Christmas to Cliff Catchins. They've set an August 14th wedding date in Atlanta.

We are thoroughly enjoying winter in New York, taking ski lessons and playing in the snow. If I'd known how much fun skiing is I'd have moved up here long ago.

We're looking forward to hearing from more of you and hope that if any of you get to New York you'll let us know.

Jane & Marion

H. Classmates!

It's new time again and I'm happy to say my mailbox has been overflowing with letters from you all. This is quite a welcome change from my usually empty P. O. box while at MWC. So keep 'em coming!

In the holidays, I managed to see and hear from a lot of alumnae. Karen Weatherford is still living in Richmond with Sarah Carter and is now working in Youth Services for the Va. Welfare Dept. While Sarah continues to teach Latin in Henrico County. Other alumnae in Richmond include Judy Winston who was recently promoted to Asst. Director of Thalberians, Priscilla Condon and Carolyn Weatherford.

In a Christmas card, Carol Hoyer Hoffer writes that she and husband Stan are now living in Edison, N.J. where Carol teaches high school Spanish. Judy Mansfield Muller '69 is also at the same school, teaching English.

While the others were visiting Carol's sister (now a freshman at MWC), they ran into Georgia Chorubas who was also visiting someone in Willard. After graduating from U. in June, George traveled to Japan to do some teaching and then to go to Hong Kong, the U. at U. Md. Carol also saw Lee Dupal Parker in October who was planning to move to Quantico soon with her husband and finish up school at MWC. Also from N.J. comes news from Randee Shreiber who is continuing her teaching at the High School. Randee is married to Diane Hogg, now studying law at the U. of Minnesota, of Brenda Stokes, who's teaching in King George, Va., of Karen Renter Rountree, a teacher in Rhode Island, and of Tricia Williams Blow who works for a telephone company here in Northern Virginia.

Within Va. I hear from Elsie Smythe who enjoys her position as a high school Spanish teacher in Winchester. After school hours, Elsie busies herself as sponsor of the Spanish Club and of a Drill Team. She is also at night she works at the Little Theatre group. That certainly is a busy schedule!

From the Northern Va. area, Kathy Deer sends a long new year letter to fill me in on her activities. She is currently working with Dept. of Social Services in Bethesda as an associate of a three-person team studying nationwide facilities for the multiple handicapped. After researching the problem and developing their own survey instruments, Kathy and her associates began the national survey. Feb. 1st, she is leaving for a tour of several states to conduct personal interviews. Let's hope the survey proves to be a success not only for Kathy's sake but for the benefit of the handicapped in

America. Aside from her job, Kathy busies herself studying statistics at night after having completed a course in Auto Repair for women. She says it may not highly recommends for those who don't want to be taken advantage of at a garage!

Down Norfolk way comes news from Lilly Smith who's teaching English and French in Va. Beach. Lilly and Nancy Murray, her roommate, share old house built in 1919 which is located on a block composed "half of elderly folks and half of ODU College students, hippie freaks and one or two assorted communists. All in all, it's pretty exciting!"

Another alumna hailing from Norfolk is OJ Johnson Capito who writes often, keeping me posted on news from the area. OJ is currently substitute teaching at local high schools and returning after school hours. Her husband Joey is still teaching but hopes to enter law school next fall. Recently, while OJ was just hunting, she went to Va. Personnel Agency where she ran into Linda Koenig, former alumna, now at the agency as a personnel counselor. As Laurie was married the summer of '69, she left MWC to travel with her husband Porter but continued taking courses at U. of West Florida and at the Corpus Cristi. This past summer, Linda finished her courses at MWC so she could graduate this August. As Porter is now a Navy pilot, the Blakemores are now stationed in Norfolk for a while. While OJ was talking with Laurie, in strolls Betty Noel who gave news of more of the Richmond crowd: Mary Bremmer, Alene and Anna. Mary Abel works as a personnel supervisor in a bank and live with Debby White. OJ also ran into Grace Hines Sorey who finished up at ODU and now teaches 8th grade earth science at Norview Jr. High in Norfolk. And finally, a writing friend who happened to be in town this summer, Linda, took the Katy Gibb secretarial course. She's now working as a secretary for WCBS in New York.

Besides employment agencies, our classmate seem to congregate in other places, usually, to be dining. During Dec., I attended Nancy Raison's wedding to Michael Schindler. In January, we had a get-together (I think) working at a hospital in Harlem where she met Michael, a doctor doing research in cancer. Among the attendants at their candlelight service were many alumnae including Lesley Flanigan Atkinson '65, Sally and Michael Atkinson and Linda Jones. The Atkinsons are now living in Alexandria and Lesley continues to work for a French company while Dick finishes his current position at the Pentagon. Sally Wright Simonds and Randy are now staying at Vandenberg AFB in Calif. Then on to Grand Rapids, Michigan for a year. While Donna is living and working in Wonderville waiting for Skip's return from Vietnam.

Northern Va. finds quite a few alumnae, among them Barbara Pratt who lives at home in Falls Church. Barbara's mother, Margaret Muse teaches second grade in Springfield and shares an apartment in Vienna with Susan Davis who does research in the Archives on D.C. the other day I saw Patti Weavers who recently quit her editorial position to begin teaching in Pan Am stewardess school. The program was postponed for a while so Patti is yet another '70 alumna hanging in limbo.

Moving to the far South, Mary Karen Veillette sends news from Atlanta where she is working as a creative director for the RKO TV and Radio Representatives. As it's a one-girl office, MK had quite a bit of responsibility but finds the advertising and broadcasting business fascinating. She's sharing an apartment with Eileen Condegbam who teaches high school Spanish. Longing.

Moving over to Longview, Texas, my sister, Taaya Pagla McBee '68 and husband Tex are getting themselves settled in their new home. Tex is still selling for American Cyanamid while Taaya herself is taking care of their daughter, Mary, who is just a year old in November. The McBees' say their home is open to any alumnae who happen to stay along their way.

For me, I'm still working for the Nat'l Council on Crime and Delinquency spending 9-10 days a month traveling around the country. As it's only a temporary position, I will soon be heating the pavement again searching for that lifelong career. Maybe I'll run into some of you all at the employment agency.

Finally, all I have to share with you now is please keep the letters coming so I can include your news in the next issue. Hope to hear from you soon.

Gabby

Missing Persons

On the following pages are listed the names of missing persons for the Classes 1951-1969. Some of these names have been published before, while others are being printed for the first time.

With the inclusion of this list the Alumnae Association is bringing to a close the first phase of the missing persons project. The results thus far have been extremely encouraging since over 700 names and addresses have been restored to the active files. It is our hope that the response to this list will bring the final number to 1000. We wish to thank all who have contributed their time and effort in making this project a success. We hope that you will be able to assist us in the days ahead as we continue to search for missing persons.

Class of 1952

Adams, Mrs. Eloise Knox (Nate)

Roehr, Mrs. Judith Reasor
Sager, Mrs. Margaret Burkhardt (David)
Singer, Mrs. Barbara (John)
Snow, Mrs. Alice A. N. (Richard E.)
Sutton, Mrs. Helen Williamson (John)
Taylor, Joan
Tread, Mrs. Margaret Carolyn Foy
(William E.)
Vitek, Mrs. Elmer Lee Runge
(Dr. Branley P.)
Wadsworth, Mrs. Mary Garrett
(William S. Jr.)
Walker, Mrs. Hope
Welch, Cynthia
Whitfield, Mrs. Jean Miller
Williams, Mrs. Sylvia Spivies
Womack, Betty Carol

Class of 1959

Alexander, Mrs. JoAnn Dundon
Arrington, Mrs. Elizabeth Powers
Bartels, Mrs. John H. (John)
Beamer, Mrs. Jane Greatham
Bracalente, Mrs. Carol Chaffin (E. M.)
Bradley, Mrs. Susanne Dowling
Bridgeman, Mrs. Beverly Mershon
(Donald Earl)
Brown, Mrs. Gay Balthis
Cooper, Mrs. Martha Blake (Charles)
Corson, Anna Ramey
Crockett, Bernice Lou
Dale, Mrs. Nedra
Davis, Margaret Edna
Dawkins, Mrs. Nancy McGinty
Delkeskamp, Mrs. Andrea Milne
(Helen, Jr.)
Dover, Mrs. Mary Alice Geddie
Eagle, Mrs. Doris Sturz (James D.)
Edwards, Mrs. Jo Ann Russell
(Daniel Larey, Jr.)
Fest, Mrs. Elizabeth
Fitz, Mrs. Edith
Gerry, Mrs. Harriette Coke
Gillette, Mrs. Nancy Gwaltney
Goldstein, Eleanor
Hammond, Bertrand Race
Harkins, Mrs. Carolyn Carte
Hoffman, Mrs. Patricia Belcastro
(Bernard L., Jr.)
Ivy, Mrs. Marcus Kyes (Henry C.)
Jones, Mrs. Elizabeth Ramsey (Joseph C.)
Lester, Mrs. Anna Elizabeth Whetstone
McCarthy, Elizabeth H.
Miller, Mrs. Nila Lee Winder
(Randall J.)
Miller, Mrs. Edie Brillinger (Robert D.)
Nelson, Mrs. Jane Ann Mosher
(John Curtis)
Overman, Mrs. Shirley Maulding
(Everett Franklin, Jr.)
Philips, Anne Jessie
Pike, Mrs. Carol
Powe, Elven Thomas
Reidy, Mrs. Carol Kowalski
(Liz Richard F.)
Richter, Mrs. Dorothy Christine
Rumsey, Mrs. Lois F. (Thomas Judson)
Staper, Marcella Ann
Treadwell, Mrs. Nancy Mustastrelle
Than, Mrs. Trong Van
Whiting, Dorothea Gale

Class of 1960

Allison, Corinne S.
Armstrong, Mrs. Mary Glover
(John Franklin, Jr.)
Atkeson, Bettie Lou
Harnes, Jayne Ann
Barto, Mrs. Nancy McLimsey Barto (John)
Clegg, Mrs. Caroline Clegg (John)
Bell, Mrs. Marjorie Drescher
(John Henry, Jr.)
Benford, Mrs. Priscilla Buckway
(Norman J.)
Best, Mrs. Gretchen Squires
Bestul, Mrs. Patricia Smalwood

(Bruce Ellis)
Betz, Moira Lee
Boyd, Mrs. Evelyn McCarty (Donald Lee)
Brownfield, Mrs. Patricia Davidson
Burton, Mrs. Vera Turner (Templey B., Jr.)
Caldwell, Mrs. Anna Vining (Daniel Lee)
Carter, Josephine Stone
Chilton, Elmer Constace
Cook, Mrs. Barbara Welch (James Eugene)
Couch, Mrs. Barbara (John)
Craig, Mrs. Cynthia Campbell (John Grant)
Creer, Mrs. Diane Eckman (Alan Duane)
Cushman, Mrs. Janet Bell (James Edward)
Deem, Beth Anna
Dunham, Mrs. Martha Kellogg (J. H.)
Dunne, Ellen Laureen
Evans, Mrs. Eva Rockolt (Roy Clifford)
Flemberg, Mrs. Carol Ann Benetar
(Marie)
Foster, Joyce Lane
Fransen, Jane Lee
Fransen, Judith Ann
Gardner, Mrs. Barbara Wageneck
(Thomas Lowell)
Gardner, Mrs. Gordon Sue
Geer, Darlene Marie
Gibbs, Mrs. Nancy Borabaugh
(David Rollin)
Griswold, Mrs. Dorothy Simmons
(Charles James, Jr.)
Green, Mrs. Nancy Bolton (Peter M.)
Grind, Mrs. Josephine Dowden
(Robert E., Jr.)
Holland, Mrs. Wilber J. Eubanks
(John)
Humphrey, Mrs. Virginia Wales
(Alice Lester)
Jones, Mrs. Joyce Hall (Robert Elwell)
Jones, John
Jungius, Mrs. Jane Ferguson
(Peter Austin)
Kelton, Mrs. Jayne Linton
King, Charlotte C.
Kircemir, Mrs. Martha Johnson
(Pauline)
Labus, Mrs. Greta Joan Moa
McKinney, Carmen May
McMullin, Mrs. Nancy Herlon (Taylor W.)
Maurer, Mrs. Linda R.
Marsden, Mrs. Linda
Mayo, Mrs. Janet Dixon
Minck, Mrs. Allen Thurman (Charles Alfred)
Mooney, Gayle
Morton, Anne Mason
Nash, Mrs. Barbara Marston
(John Benjamin)
Orr, Mrs. Margaret Cagle
Orsini, Diane Louis
Osbourne, Melinda Blanche
Ostendorp, Mrs. Paula Woolson (James)
Panciera, Joyce Ann
Pardine, Dr. Marilyn Theresa
Pettil, Marilyn Jean
Picard, Gail Elizabeth
Rosen, Mrs. Barbara Higgins (Gary William)
Raver, Mrs. Bebe Emile Baensch
(Milson Carroll, Jr.)
Reed, Margaret Waring
Sanborn, Mrs. Elizabeth Omasta (William B.)
Sanderson, Mrs. Anna Howell
Saunders, Mrs. Marjele Blanche
O'Donnell, Mrs. Pamela Woolson (James)
Panciera, Joyce Ann
Pardine, Dr. Marilyn Theresa
Pettil, Marilyn Jean
Rosen, Mrs. Barbara Higgins (Gary William)
Raver, Mrs. Bebe Emile Baensch
(Milson Carroll, Jr.)
Reed, Margaret Waring
Sanborn, Mrs. Elizabeth Omasta (William B.)
